Murrumbidgee
COUNCIL

ACKNOWLEDGEMENT

OF COUNTRY

We would like to show respect and acknowledge the traditional custodians of the land, Elders past and present, and extend that respect to other Aboriginal and Torres Strait Islander people.

Pictured is local boy Bobby admiring the incredible mural which graces the walls of the Council Chambers at Jerilderie.

The mural is titled 'Yo-thun-ing-yuna-ngarratya', meaning 'Coming Together'. Created for the 2000 Olympic Games, it was hung in Parliament House to provide a visual welcome to visitors and wish them peace and safe travel.

The painting depicts various Aboriginal design elements, including the Eaglehawk, which is the Barundji/Barkindji totem. It also depicts a white feather to symbolise safe travel.

The mural was created by four Barundji/Barkindji artists: Elsie Black, Gertrude Gittins, Eileen Ballangarry and Sos Hawkins. These women can trace their family back at least 700 years as direct matriarchal descendants of the tribe. We sincerely thank these talented artists for this masterpiece and for allowing us to share it for all to see and appreciate.

WE WELCOME FEEDBACK ON THIS PLAN.

1 | JOINT MESSAGE FROM THE MAYOR AND GENERAL MANAGER

It is a pleasure to hand down the combined Delivery Program and Operational Plan, detailing how our community visions and aspirations will be realised over the next four years and into the future.

These combined plans build on the revised Community Strategic Plan, which is visionary document, produced after the community so enthusiastically put forward ideas and aspirations to shape the future in the Murrumbidgee. They also focus on achieving our core vision: 'Smart growth. Empowered communities. Creating opportunities.'

In essence, the Community Strategic Plan sets out our long term goals, while the Delivery Program and Operational Plan drill down further and identify exactly how this will be achieved. These are further supported by the Resourcing Strategy, which outlines the resources that will be required to carry out goals and corresponding actions.

Of course, it's not just us at Council that brings the collaborative visions and aspirations to life. As a suite of community plans, involvement by many different partners is an essential ingredient. This includes community groups and individuals, business and government. Government may be involved through funding programs, but also can be involved by making policy or operational changes, initiated through our advocacy.

Sometimes we also have to adopt an innovative approach to realising the community's aspirations. This is necessary to overcome the constraints we face as a small, rural area. Needless, to say, the positive aspects of living in our area most definitely outweigh the constraints as the 'people, community and lifestyle' was a highly popular choice as the best part of living in the Murrumbidgee.

In closing, thank you to all Councillors and staff for supporting and implementing Council's strategic planning. Thank you, also, to all partners and stakeholders who will be involved in delivering our actions.

Most importantly, thank you to the community and businesses who so generously guided the directions of this plan and will play such an integral role in bringing it to life. We encourage you to stay involved and continue to provide your valuable feedback and ideas as, by working together, we will continue to build a sustainable and vibrant future for our magnificent area.

**Smart growth. Empowered communities.
Creating opportunities.**

WHY THIS DOCUMENT IS IMPORTANT

At Council, we have a suite of strategic documents that clearly identify community aspirations and visions for the long term and how these will be achieved. These documents are required by legislation, but they are also an integral part of our holistic approach to being an important part of the community and making sure everything we do is strategic and well-planned.

A fundamental principle in this approach is reaching out to the community so the plans are guided by community feedback, firstly incorporated into the Community Strategic Plan, which directly correlates with the Delivery Program and Operational Plan. The diagram shows the other plans and strategies.

HOW WE LET YOU KNOW OUR PROGRESS

We let you know the progress in the actions within this document in the following ways:

Half yearly Operational Plan review – each action within the Delivery Program has a measure to keep track of progress. Every 6 months we report on this.

Annual Report - prepared at the end of the financial year, this outlines results and achievements for the year against the Operational Plan and Delivery Program

End of Term Report – prepared at the end of each Council term to summarise projects and achievements throughout the term.

Community Strategic Plan Review - every four years, the Community Strategic Plan is reported on by the outgoing Council, and reviewed by the incoming Council. At this time, the plan is rolled forward four years to maintain a minimum long-term 10-year strategic focus.
