Overview

Murrumbidgee Council is constituted under the *Local Government Act 1993* (NSW) and has its principal place of business at:

35 Jerilderie Street
Jerilderie NSW 2716

Council's guiding principles are detailed in Chapter 3 of the LGA and include:

- principles applying to the exercise of functions generally by council,
- principles to be applied when making decisions,
- principles of community participation,
- principles of sound financial management, and
- principles for strategic planning relating to the development of an integrated planning and reporting framework.

A description of the nature of Council's operations and its principal activities are provided in Note B1-2.

Through the use of the internet, we have ensured that our reporting is timely, complete and available at minimum cost. All press releases, financial statements and other information are publicly available on our website: www.murrumbidgee.nsw.gov.au.

Murrumbidgee Council

General Purpose Financial Statements

for the year ended 30 June 2023

Statement by Councillors and Management

Statement by Councillors and Management made pursuant to Section 413 (2c) of the *Local Government Act 1993* (NSW)

The attached general purpose financial statements have been prepared in accordance with:

- the *Local Government Act 1993* and the regulations made thereunder,
- the Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- the Local Government Code of Accounting Practice and Financial Reporting.

To the best of our knowledge and belief, these statements:

- present fairly the Council's operating result and financial position for the year
- accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 21 November 2023.

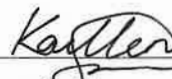

Ruth McRae OAM
Mayor
21 November 2023

Robert Black
Councillor
21 November 2023

John Scarce
General Manager

A About Council and these financial statements

A1-1 Basis of preparation

These financial statements were authorised for issue by Council on 21 November 2023. Council has the power to amend and reissue these financial statements in cases where critical information is received from public submissions or where the OLG directs Council to amend the financial statements.

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below.

These policies have been consistently applied to all the years presented, unless otherwise stated.

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations, the *Local Government Act 1993 (Act)* and *Local Government (General) Regulation 2021 (Regulation)*, and the Local Government Code of Accounting Practice and Financial Reporting.

Council is a not for-profit entity.

The financial statements are presented in Australian dollars and are rounded to the nearest thousand dollars.

Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities and certain classes of infrastructure, property, plant and equipment and intangible assets.

Significant accounting estimates and judgements

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Council's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Council and that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

Council makes estimates and assumptions concerning the future.

The resulting accounting estimates will, by definition, seldom equal the related actual results.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

- (i) fair values of infrastructure, property, plant and equipment – refer Note C1-7
- (ii) estimated fair values of intangible assets - refer Note C1-8
- (iii) employee benefit provisions – refer Note C3-4
- (iv) asset remediation provisions – refer Note C3-5

Significant judgements in applying the Council's accounting policies

- i. Impairment of receivables – refer Note C1-4.
- ii. Determination of whether performance obligations are sufficiently specific and whether the contract is within the scope of AASB 15 *Revenue from Contracts with Customers* and / or AASB 1058 *Income of Not-for-Profit Entities* – refer to Notes B2-2 – B2-4.

Monies and other assets received by Council

The Consolidated Fund

In accordance with the provisions of Section 409(1) of the *Local Government Act 1993 (NSW)*, all money and property received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund.

Cash and other assets of the following entities have been included as part of the Consolidated Fund:

- General purpose operations
- Coleambally Town Improvement
- Darlington Point Town Improvement
- Coleambally Water Supply Fund
- Darlington Point Water Supply Fund

A1-1 Basis of preparation (continued)

- Jerilderie Water Supply Fund
- Coleambally Sewerage Fund
- Darlington Point Sewerage Fund
- Jerilderie Sewerage Fund

The Trust Fund

In accordance with the provisions of Section 411 of the *Local Government Act 1993 (NSW)* (as amended), a separate and distinct Trust Fund is maintained to account for all money and property received by the Council in trust which must be applied only for the purposes of, or in accordance with, the trusts relating to those monies.

The following Trust monies and properties are held by Council but not considered to be under the control of Council and therefore are excluded from these financial statements:

- Wallis Estate
- Sundry Trust Deposits

A separate statement of monies held in the Trust Fund is available for inspection at the council office by any person free of charge.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the Statement of Financial Position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities that are recoverable from, or payable to, the taxation authority, are presented as operating cash flows.

Volunteer services

Council does not make material use of volunteer services.

New accounting standards and interpretations issued but not yet effective

Certain new accounting standards and interpretations (ie. pronouncements) have been published by the Australian Accounting Standards Board that are not mandatory for the 30 June 2023 reporting period.

Council has elected not to apply any of these pronouncements in these financial statements before their operative dates.

As at the date of authorisation of these financial statements Council does not consider that any of these new (and still to be applied) standards and interpretations are likely to have a material impact on the Council's future financial statements, financial position, financial performance or cash flows.

New accounting standards adopted during the year

During the year Council adopted all accounting standards and interpretations (as issued by the Australian Accounting Standards Board) which were mandatorily effective from the first time at 30 June 2023.

Those newly adopted standards have had no material impact on Council's reported financial position, financial performance and/or associated financial statement disclosures.

B Financial Performance

B1 Functions or activities

B1-1 Functions or activities – income, expenses and assets

Income, expenses and assets have been directly attributed to the following functions or activities. Details of those functions or activities are provided in Note B1-2.

	Income		Expenses		Operating result		Grants and contributions		Carrying amount of assets

B1-2 Components of functions or activities

Details relating to the Council's functions or activities as reported in B1-1 are as follows:

Governance and Administration

Governance and administration functions of Council, Council depot and general purpose revenue.

Public Order and Safety

Animal control, fire and emergency services.

Health

Health, food control and medical services.

Environmental Protection

Noxious plants, environmental protection, solid waste management, street cleaning, drainage and stormwater management.

Community Services and Education

Community services administration, aged and disabled services and children's services.

Housing and Community Amenities

Public cemeteries, public conveniences, street lighting, town planning and other community amenities.

Recreation and Cultural

Public libraries, museum, community centres and halls, other cultural activities, sports grounds and venues, swimming pools, parks and gardens, other sport and recreation.

Mining, Manufacturing and Construction

Building control, quarries and gravel pits.

Transport and Communications

Roads, bridges, footpaths, car parks, aerodrome, tree maintenance and radio communications.

Economic Affairs

Caravan parks, industrial development and promotion, real estate development, saleyards, tourism and area promotion, share farming, private works including State Road maintenance contracts and other business activities.

Water Supply

Provision of water supply to towns.

Sewerage Services

Provision of sewerage services to towns.

B2 Sources of income

B2-1 Rates and annual charges

\$ '000	Timing	2023	2022
Ordinary rates			
Residential	2	434	418
Farmland	2	3,934	3,826
Business	2	236	230
Less: pensioner rebates (mandatory)	2	(32)	(34)
Rates levied to ratepayers		4,572	4,440
Pensioner rate subsidies received	2	17	19
Total ordinary rates		4,589	4,459
Annual charges (pursuant to s496, 496A, 496B, 501 & 611)			
Domestic waste management services	2	227	216
Water supply services	2	716	678
Waste management services (non-domestic)	2	114	108
Sewerage services	2	659	613
Less: pensioner rebates (mandatory)	2	(62)	(66)
Annual charges levied		1,654	1,549
Pensioner annual charges subsidies received:			
– Water	2	10	11
– Sewerage	2	10	11
– Domestic waste management	2	13	14
Total annual charges		1,687	1,585
Total rates and annual charges		6,276	6,044
Timing of revenue recognition for rates and annual charges			
Rates and annual charges recognised at a point in time (2)		6,276	6,044
Total rates and annual charges		6,276	6,044

The timing column notation (above) identifies the revenue recognition pattern for material items of Council's revenue:

- (1) indicates income recognised under AASB 15 or AASB 1058 "over time",
- (2) indicates income recognised under AASB 15 or AASB 1058 "at a point in time".

Council has used 2022 year valuations provided by the NSW Valuer General in calculating its rates.

Accounting policy

Rates and annual charges are recognised as revenue at the beginning of the rating period to which they relate. Prepaid rates are recognised as a financial liability until the beginning of the rating period.

Pensioner rebates relate to reductions in rates and certain annual charges for eligible pensioners' place of residence in the local government council area that are not subsidised by the NSW Government.

Pensioner rate subsidies are received from the NSW Government to provide a contribution towards the pensioner rebates and are recognised within the underlying revenue item based on their substance.

B2-2 User charges and fees

\$ '000	Timing	2023	2022
Specific user charges (per s502 - specific 'actual use' charges)			
Water supply services	2	457	429
Sewerage services	2	4	2
Waste management services (non-domestic)	2	34	31
Total specific user charges		495	462
Other user charges and fees			
(i) Fees and charges – statutory and regulatory functions (per s608)			
Building regulation	2	20	39
Building services – other	2	3	4
Planning and building regulation	2	89	95
Private works – section 67	2	229	399
Regulatory/statutory fees	2	11	3
Section 10.7 certificates (EP&A Act)	2	13	23
Section 603 certificates	2	9	12
Total fees and charges – statutory/regulatory		374	575

Timing of revenue recognition for user charges and fees			
User charges and fees recognised at a point in time (2)		2,944	2,400
Total user charges and fees		2,944	2,400

Accounting policy

Revenue arising from user charges and fees is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods / services being provided.

The performance obligation relates to the specific services which are provided to the customers and generally the payment terms are within 30 days of the provision of the service or in some cases such as caravan parks, the customer is required to pay on arrival. There is no material obligation for Council in relation to refunds or returns.

Licences granted by Council are all either short-term or low value and all revenue from licences is recognised at the time that the licence is granted rather than the term of the licence.

B2-3 Other revenues

\$ '000	Timing	2023	2022
Commissions and agency fees	2	86	94
Diesel rebate	2	56	52
Recycling income (non-domestic)	2	8	7
Insurance rebates	2	24	35
Miscellaneous sales	2	4	3
Other	2	315	62
Contributions to long service leave	2	5	16
Total other revenue		498	269
Timing of revenue recognition for other revenue			
Other revenue recognised at a point in time (2)		498	269
Total other revenue		498	269

Accounting policy for other revenue

Where the revenue is earned for the provision of specified goods / services under an enforceable contract, revenue is recognised when or as the obligations are satisfied.

Statutory fees and fines are recognised as revenue when the service has been provided or the payment is received, whichever occurs first.

Other revenue is recorded when the payment is due, the value of the payment is notified, or the payment is received, whichever occurs first.

Fines are recognised when the penalty has been paid.

B2-4 Grants and contributions

Unspent contributions at 30 June	490	873	550	486

B2-4 Grants and contributions (continued)

Accounting policy

Grants and contributions – enforceable agreement with sufficiently specific performance obligations

Grant and contribution revenue from an agreement which is enforceable and contains sufficiently specific performance obligations is recognised as or when control of each performance obligations is transferred.

The performance obligations vary according to the agreement but include milestones within AASB 15 grants. Payment terms vary depending on the terms of the grant: cash is received upfront for some grants and on the achievement of certain payment milestones for others.

Performance obligations may be satisfied either at a point in time or over time and this is reflected in the revenue recognition pattern. Point in time recognition occurs when the beneficiary obtains control of the goods / services at a single time (e.g. completion of the project when a report / outcome is provided), whereas over time recognition is where the control of the services is ongoing throughout the project (e.g. provision of community health services through the year).

Where control is transferred over time, generally the input methods (being either costs or time) incurred are deemed to be the most appropriate methods to reflect the transfer of benefit.

Capital grants

Capital grants received by Council under an enforceable contract for the acquisition or construction of infrastructure, property, plant and equipment to identified specifications which will be under Council's control on completion are recognised as revenue as and when the obligation to construct or purchase is completed.

For construction projects, this is generally as the construction progresses in accordance with costs incurred since this is deemed to be the most appropriate measure of the completeness of the construction project.

For acquisitions of assets, the revenue is recognised when the asset is acquired and controlled by the Council.

Developer contributions

Council has obligations to provide facilities from contribution revenues levied on developers under the provisions of sections 7.4, 7.11 and 7.12 of the *Environmental Planning and Assessment Act 1979* (EP&A Act).

While Council generally incorporates these amounts as part of a Development Consents Order, such developer contributions are only recognised as income upon receipt by Council, due to the possibility that individual development consents may not be acted upon by the applicant and, accordingly, would not be payable to Council.

Developer contributions may only be expended for the purposes for which the contributions were required, but Council may apply contributions according to the priorities established in work schedules for the contribution plan.

Other grants and contributions

Assets, including cash, received from other grants and contributions are recognised at fair value when the asset is received. Council considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard.

Once the assets and liabilities have been recognised then income is recognised for any remaining asset value at the time that the asset is received.

B2-5 Interest and investment income

\$ '000	2023	2022
Interest on financial assets measured at amortised cost		
– Overdue rates and annual charges (incl. special purpose rates)	38	34
– Cash and investments	869	72
Total interest and investment income (losses)	907	106
Interest and investment income is attributable to:		
Unrestricted investments/financial assets:		
Overdue rates and annual charges (general fund)	17	15
General Council cash and investments	597	48
Restricted investments/funds – external:		
Water fund operations	128	22
Sewerage fund operations	165	21
Total interest and investment income	907	106

Accounting policy

Interest income is recognised using the effective interest rate at the date that interest is earned.

B2-6 Other income

\$ '000	Notes	2023	2022
Rental income			
Property rental		60	47
Housing rental		115	158
Total rental income	C2-2	175	205
Total other income		175	205

B3 Costs of providing services

B3-1 Employee benefits and on-costs

\$ '000	2023	2022
Salaries and wages	6,327	6,014
Employee leave entitlements (ELE)	1,164	672
Superannuation	797	715
Workers' compensation insurance	202	140
Fringe benefits tax (FBT)	105	59
Other	10	55
Total employee costs	8,605	7,655
Less: capitalised costs	(785)	(1,197)
Total employee costs expensed	7,820	6,458

Accounting policy

Employee benefit expenses are recorded when the service has been provided by the employee.

All employees of the Council are entitled to benefits on retirement, disability or death. Council contributes to various defined benefit plans and defined contribution plans on behalf of its employees.

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Council participates in a defined benefit plan under the Local Government Superannuation Scheme, however, sufficient information to account for the plan as a defined benefit is not available and therefore Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans, i.e. as an expense when it becomes payable – refer to Note E3-1 for more information.

B3-2 Materials and services

\$ '000	Notes	2023	2022
Raw materials and consumables		11,616	12,654
Contractor and consultancy costs:

– Other structures		145	61
– Roads		3,180	3,176
– Bridges		96	91
– Footpaths		79	79
– Other road assets		248	233
– Stormwater drainage		159	119
– Water supply network		379	315
– Sewerage network		498	358
– Swimming pools		78	41
– Other open space/recreational assets		243	54
– Other infrastructure		24	–
Other assets:			
– Library books		17	15
– Landfill assets		48	–
Total gross depreciation and amortisation costs		7,511	7,024
Less: capitalised costs		(338)	(571)
Total depreciation, amortisation and impairment for non-financial assets		7,173	6,453

Accounting policy

Depreciation and amortisation

Depreciation and amortisation are calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives.

Impairment of non-financial assets

Council assets held at fair value that are not held primarily for their ability to generate net cash flow, and that are deemed to be specialised, are not tested for impairment since these assets are assessed on an annual basis to ensure that the carrying amount is not materially different from fair value and therefore an impairment loss would be captured during this assessment.

Intangible assets not yet available for use, are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

Other non-financial assets that do not meet the criteria above are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Impairment losses for revalued assets are firstly offset against the amount in the revaluation surplus for the class of asset, with only the excess to be recognised in the Income Statement.

B3-4 Other expenses

\$ '000	2023	2022
Contributions/levies to other levels of government		
– NSW – SES	10	6
– NSW fire brigade levy	24	21
– NSW rural fire service levy	444	341
– Mobile book library contribution	104	104
Donations, contributions and assistance to other organisations (Section 356)	47	48
Total other expenses	629	520

Accounting policy

Other expenses are recorded on an accruals basis when Council has an obligation for the expenses.

Impairment expenses are recognised when identified.

B4 Gains or losses

B4-1 Gain or loss from the disposal, replacement and de-recognition of assets

\$ '000	Notes	2023	2022
Gain (or loss) on disposal of plant and equipment	C1-7		
Proceeds from disposal – plant and equipment		495	507
Less: carrying amount of plant and equipment assets sold/written off		(232)	(197)
Gain (or loss) on disposal		263	310
Gain (or loss) on disposal of infrastructure	C1-7		
Proceeds from disposal – infrastructure		129	71
Less: carrying amount of infrastructure assets sold/written off		(1,210)	(124)
Gain (or loss) on disposal		(1,081)	(53)
Gain (or loss) on disposal of real estate assets held for sale	C1-5		
Proceeds from disposal – real estate assets		300	243
Less: carrying amount of real estate assets sold/written off		(85)	(82)
Gain (or loss) on disposal		215	161
Gain (or loss) on disposal of investments	C1-2		
Proceeds from disposal/redemptions/maturities – investments		16,700	20,834
Less: carrying amount of investments sold/redeemed/matured		(16,700)	(20,834)
Gain (or loss) on disposal		–	–
Gain (or loss) on disposal of intangible assets	C1-8		
Proceeds from disposal – intangible assets		44	–
Less: carrying amount of intangible assets sold/written off		(360)	–
Gain (or loss) on disposal		(316)	–
Gain (or loss) on disposal of land improvements	C1-7		
Proceeds from disposal – land improvements		–	–
Less: carrying amount of land improvement assets sold/written off		(154)	–
Gain (or loss) on disposal		(154)	–
Gain (or loss) on disposal of office equipment	C1-7		
Proceeds from disposal – office equipment		–	–
Less: carrying amount of office equipment assets sold/written off		(2)	–
Gain (or loss) on disposal		(2)	–
Net gain (or loss) from disposal of assets		(1,075)	418

B4-1 Gain or loss from the disposal, replacement and de-recognition of assets

Accounting policy

Gains and losses on disposals are determined by comparing proceeds with carrying amount. The gain or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer and the asset is de-recognised.

B5 Performance against budget

B5-1 Material budget variations

Council's original budget was adopted by the Council on 28 June 2022 and is not required to be audited. The original projections on which the budget was based have been affected by a number of factors. These include state and federal government decisions, including new grant programs, changing economic activity, environmental factors, and by decisions made by Council.

While these General Purpose Financial Statements include the original budget adopted by Council, the Act requires Council to review its financial budget on a quarterly basis, so it is able to manage the variation between actuals and budget that invariably occur during the year.

Material variations of more than 10% between original budget and actual results or where the variance is considered material by nature are explained below.

Variation Key: **F** = Favourable budget variation, **U** = Unfavourable budget variation.

\$ '000	2023 Budget	2023 Actual	2023 ----- Variance -----	
Revenues				
User charges and fees	2,846	2,944	98	3% F
Increased RMCC income of \$418k, planning fees \$16, facility hire \$20 and various other assorted charges of \$86k, offset by reduced water & sewer charges of \$177k, quarry charges \$45k and private works income of \$221k				
Other revenues	277	498	221	80% F
Council has attributed an amount of \$172k as other revenue following recognition of S355 committee funds as at 30 June. Also included within other revenue, is \$122k of 'found assets' contributed during the financial year.				
Operating grants and contributions	7,615	13,570	5,955	78% F
Council received an additional amount of Financial Assistance Grant due to full prepayment of future grant allocation amounting to \$2,476. Additional grants for flood recovery emergency works \$148k, Pothole Repair Program \$546k and Rural & Local Road Repair Program of \$2,896 were received as a result of decisions from various government agencies following the significant rain and flood events of late 2022. Other grant opportunities including Tourism & Economic Development \$195, Heritage & Cultural \$30k, Youth & Youth Holiday programs \$37k, Roads & Transport strategies and repairs \$105k were utilised during the year, together with other grant funds previously held as liabilities.				
Capital grants and contributions	9,149	3,877	(5,272)	(58)% U
Deferred projects for which Council included proposed grants include water supply works \$2,898m, road reconstruction works \$2,103m, real estate development \$1,400m and flood mitigation works \$557k. Inclusion of proposed grants which were not forthcoming include caravan park upgrades \$234k, CCTV \$80k, sporting facilities improvements \$40k and footpath installation \$10k. Subsequent additional grant funds for Stronger Country Communities and Local Roads and Community Infrastructure works have been sourced, together with utilisation of other grants previously held as liabilities.				
Interest and investment revenue	193	907	714	370% F
Increased interest rates, together with larger than anticipated term deposits held account for this significant variation.				
Other income	198	175	(23)	(12)% U
Council has a number of houses which were not fully tenanted for the entire year, resulting in this variation to other income.				
Expenses				
Materials and services	3,527	7,614	(4,087)	(116)% U
Council have inadvertently included some \$1.377m as other expenses rather than materials & contracts in its budget calculations. This coupled with additional expenditure for grant funded projects and variations between self funded and contracted works have resulted in this substantial variation to the original budget.				
Depreciation, amortisation and impairment of non-financial assets	6,451	7,173	(722)	(11)% U

B5-1 Material budget variations (continued)

\$ '000	2023 Budget	2023 Actual	2023 ----- Variance -----	
---------	----------------	----------------	------------------------------	--

Variation has resulted from revaluation of various infrastructure assets as at 1 July 2022.

Other expenses	2,006	629	1,377	69%	F
-----------------------	--------------	------------	--------------	------------	----------

Council have inadvertently included some \$1.377m as other expenses rather than materials & contracts in its original budget calculations.

Net losses from disposal of assets	–	1,075	(1,075)	∞	U
---	----------	--------------	----------------	----------	----------

Nett losses on disposal of assets including intangible assets \$316k, transport infrastructure \$576k, stormwater drainage \$473k, land improvements \$178k, water infrastructure \$15k offset by nett surplus amounts on disposal of plant, equipment & buildings of \$271k and surplus on land held for resale of \$215k

Statement of cash flows

Cash flows from operating activities	13,822	13,562	(260)	(2)%	U
---	---------------	---------------	--------------	-------------	----------

Cash flows from investing activities	(18,266)	(23,748)	(5,482)	30%	U
---	-----------------	-----------------	----------------	------------	----------

Council assumes that all grant funds will be fully expended when considering its budget. Subsequently, purchase of investments for unexpended grant funds is the substantial reason for this significant variation.

Cash flows from financing activities	4,294	–	(4,294)	(100)%	U
---	--------------	----------	----------------	---------------	----------

Council did not take up proposed borrowings due to deferral of works for the caravan park upgrade and real estate development.

C Financial position

C1 Assets we manage

C1-1 Cash and cash equivalents

\$ '000	2023	2022
Cash assets		
Cash on hand and at bank	1,296	1,533
Cash equivalent assets		
– Short-term deposits	2,103	12,052
Total cash and cash equivalents	3,399	13,585

Accounting policy

For Statement of Cash Flow presentation purposes, cash and cash equivalents include: cash on hand; deposits held at call with financial institutions; other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value; and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the Statement of Financial Position.

C1-2 Financial investments

\$ '000	2023 Current	2023 Non-current	2022 Current	2022 Non-current
Debt securities at amortised cost				
Long-term deposits	33,741	–	16,700	–
Total cash assets, cash equivalents and investments	37,140	–	30,285	–

Accounting policy

Financial instruments are recognised initially on the date that the Council becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

On initial recognition, Council classifies its financial assets into the following categories – those measured at:

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income – equity instrument (FVOCI-equity)

Financial assets are not reclassified subsequent to their initial recognition.

Amortised cost

Council's financial assets measured at amortised cost comprise trade and other receivables, term deposits and cash and cash equivalents in the Statement of Financial Position. Term deposits with an initial term of more than 3 months are classified as investments rather than cash and cash equivalents.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, impairment and gains or loss on de-recognition are recognised in profit or loss.

C1-3 Restricted and allocated cash, cash equivalents and investments

C1-3 Restricted and allocated cash, cash equivalents and investments (continued)

	2023	2022 Restated

User charges and fees	(31)	–	(30)	–
Total provision for impairment – receivables	(31)	–	(30)	–
Total net receivables	1,655	–	2,326	–

Accounting policy

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Receivables are generally due for settlement within 30 days.

Impairment

Impairment of financial assets measured at amortised cost is recognised on an expected credit loss (ECL) basis.

When estimating ECL, Council considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on Council's historical experience and informed credit assessment, and including forward-looking information.

Council uses the simplified approach for trade receivables where the expected lifetime credit losses are recognised on day 1.

When considering the ECL for rates and annual charges debtors, Council takes into account that unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold.

Credit losses are measured at the present value of the difference between the cash flows due to the entity in accordance with the contract, and the cash flows expected to be received. This is applied using a probability weighted approach.

Council writes off a receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings.

None of the receivables that have been written off are subject to enforcement activity.

Where Council renegotiates the terms of receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

COVID-19

Council's rate and user charges collections have not been significantly impacted by the Covid 19 pandemic and are comparable to prior years, therefore no adjustment has been made to the impairment provision.

C1-5 Inventories

\$ '000	2023 Current	2023 Non-current	2022 Current	2022 Non-current
(i) Inventories at cost				
Real estate for resale (refer below)	950	882	792	791
Stores and materials	457	–	863	–
Total inventories	1,407	882	1,655	791

Accounting policy

Raw materials and stores, work in progress and finished goods

Raw materials and stores, work in progress and finished goods are stated at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for resale is stated at the lower of cost and net realisable value. Cost is assigned by specific identification and includes the cost of acquisition, and development and borrowing costs during development. When development is completed, borrowing costs and other holding charges are expensed as incurred.

Borrowing costs included in the cost of land held for resale are those costs that would have been avoided if the expenditure on the acquisition and development of the land had not been made. Borrowing costs incurred while active development is interrupted for extended periods are recognised as expenses.

Total unrestricted assets	1,349	–	1,413	–
Total contract assets and contract cost asset	1,372	–	1,554	–

Accounting policy

Contract assets

Contract assets represent Council's right to payment in exchange for goods or services the Council has transferred to a customer when that right is conditional on something other than the passage of time.

Contract assets arise when the amounts billed to customers are based on the achievement of various milestones established in the contract and therefore the amounts recognised as revenue in a given period do not necessarily coincide with the amounts billed to or certified by the customer. Once an invoice or payment claim is raised or the relevant milestone is reached, Council recognises a receivable.

Impairment of contract assets is assessed using the simplified expected credit loss model where lifetime credit losses are recognised on initial recognition.

(1) Renewals are defined as the replacement of existing assets (as opposed to the acquisition of new assets).

C1-7 Infrastructure, property, plant and equipment (continued)

Accounting policy

Initial recognition of infrastructure, property, plant and equipment (IPPE)

IPPE is measured initially at cost. Cost includes the fair value of the consideration given to acquire the asset (net of discounts and rebates) and any directly attributable cost of bringing the asset to working condition for its intended use (inclusive of import duties and taxes).

When infrastructure, property, plant and equipment is acquired by Council at significantly below fair value, the assets are initially recognised at their fair value at acquisition date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Income Statement during the financial period in which they are incurred.

Useful lives of IPPE

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

Asset class	Useful Life (years)	Asset class	Useful Life (years)
Plant and equipment	3-20	Bulk earthworks	∞
Office equipment	3-20	Stormwater drainage	15-200
Furniture and fittings	5-20	Water supply network	15-120
Land improvements - depreciable	58-59	Sewerage network	15-200
Buildings	6-143	Swimming pools	45-80
Other structures	10-143	Other open space / recreational assets	10-143
Roads	15-360	Other infrastructure	25-150
Bridges	80-150	Library books	4
Footpaths	10-80	Landfill and quarry assets	40
Other road assets	10-120		

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

Revaluation model

Infrastructure, property, plant and equipment are held at fair value. Comprehensive valuations are performed at least every 5 years, however the carrying amount of assets is assessed by Council at each reporting date to confirm that it is not materially different from current fair value.

Water and sewerage network assets are indexed at each reporting period in accordance with the Rates Reference Manual issued by Department of Planning, Industry and Environment – Water.

Increases in the carrying amounts arising on revaluation are credited to the IPPE revaluation reserve. To the extent that the increase reverses a decrease previously recognising profit or loss relating to that asset class, the increase is first recognised as profit or loss. Decreases that reverse previous increases of assets in the same class are first charged against IPPE revaluation reserve to the extent of the remaining reserve attributable to the class; all other decreases are charged to the Income Statement.

C1-7 Infrastructure, property, plant and equipment (continued)

Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected not to recognise land under roads acquired before 1 July 2008. Land under roads acquired after 1 July 2008 is recognised in accordance with the IPPE accounting policy.

Crown reserves

Crown reserves under Council's care and control are recognised as assets of the Council. While ownership of the reserves remains with the Crown, Council retains operational control of the reserves and is responsible for their maintenance and use in accordance with the specific purposes to which the reserves are dedicated.

Improvements on Crown reserves are also recorded as assets, while maintenance costs incurred by Council and revenues relating to the reserves are recognised within Council's Income Statement.

Rural Fire Service assets

Council recognises the land and buildings used by the Rural Fire Service situated within the Local Government area, however, it does not account for Rural Fire Service plant or other equipment.

C1-8 Intangible assets

Intangible assets are as follows:

\$ '000	2023	2022
Water Licenses		
Opening values at 1 July		
Gross book value	2,274	1,741
Net book value – opening balance	2,274	1,741
Movements for the year		
Revaluation	21	533
Gross book value written off	(360)	–
Closing values at 30 June		
Gross book value	1,935	2,274
Total water licenses – net book value	1,935	2,274
Total intangible assets – net book value	1,935	2,274

Accounting policy

Water Licences

Council holds a number of high and general security water licences, which it recognises as an intangible asset.

The water licences are individually tradeable on the open water licence sales market.

Water licences are individually separated from the land and can be sold on a permanent or temporary transfer basis.

At present, Council only trades the water entitlement associated with the water licences on a temporary basis, with income received from the sales of water entitlements disclosed as other revenue.

No amortisation costs are applicable as high and general security water licences have an indefinite life.

Water licences purchased are initially recorded at cost and are valued at least every 5 years based on market evidence. Water licences are tested for impairment annually based on market sales evidence. If the recoverable amount is less than carrying amount, the carrying amount is reduced to recoverable amount and the reduction is recognised as impairment loss.

Licences have been revalued at 30 June 2023 at the water exchange market cost.

Prepayments	48	–	40	–
Work in progress	5	–	5	–
Total other assets	53	–	45	–

C2 Leasing activities

C2-1 Council as a lessee

Council previously held leases over office equipment. This lease expired in 20/21 and no further leases have been entered into.

Accounting policy

At inception of a contract, Council assesses whether a lease exists – i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration?

Council has elected not to separate non-lease components from lease components for any class of asset and has accounted for payments as a single component.

Exceptions to lease accounting

Council has applied the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. Council recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

C2-2 Council as a lessor

Operating leases

Council leases out a number of housing properties to staff and other properties to community groups; these leases have been classified as operating leases for financial reporting purposes and the assets are included in IPP&E (refer in this note below) in the Statement of Financial Position.

The amounts recognised in the Income Statement relating to operating leases where Council is a lessor are shown below:

\$ '000	2023	2022
---------	------	------

Assets held as property, plant and equipment

Council provides operating leases on Council houses and for community groups, the table below relates to operating leases on assets disclosed in C1-7.

Lease income (excluding variable lease payments not dependent on an index or rate)	175	205
Total income relating to operating leases for Council assets	175	205

Amount of IPPE leased out by Council under operating leases

Land	1,357	685
Buildings	3,374	4,720
Total amount of IPPE leased out by Council under operating leases	4,731	5,405

Maturity analysis of undiscounted lease payments to be received after reporting date for all operating leases:

Maturity analysis of future lease income receivable showing the undiscounted lease payments to be received after reporting date for operating leases:

< 1 year	164	143
1–2 years	139	127
2–3 years	129	116
3–4 years	97	116
4–5 years	97	105
> 5 years	89	96
Total undiscounted lease payments to be received	715	703

C2-2 Council as a lessor (continued)

Accounting policy

When Council is a lessor, the lease is classified as either an operating or finance lease at inception date, based on whether substantially all of the risks and rewards incidental to ownership of the asset have been transferred to the lessee. If the risks and rewards have been transferred then the lease is classified as a finance lease, otherwise it is an operating lease.

When Council has a sub-lease over an asset and is the intermediate lessor then the head lease and sub-lease are accounted for separately. The classification of the sub-lease is based on the right-of-use asset which arises from the head lease rather than the useful life of the underlying asset.

If the lease contains lease and non-lease components, the non-lease components are accounted for in accordance with AASB 15 *Revenue from Contracts with Customers*.

The lease income is recognised on a straight-line basis over the lease term for an operating lease and as finance income using amortised cost basis for finance leases.

C3 Liabilities of Council

C3-1 Payables

\$ '000	2023 Current	2023 Non-current	2022 Current	2022 Non-current
Goods and services – operating expenditure	1,237	–	1,000	–
Accrued expenses:

Total revenue recognised that was included in the contract liability balance at the beginning of the period	3,380	3,485

Significant changes in contract liabilities

Council spent \$3,379,938 from previously held grants including \$133,153 for Local Roads & Community Infrastructure programs, \$174,323 from Stronger Country Communities programs, \$1,695,309 of Stronger Communities Fund programs, \$34,000 of Local Land Services weeds funding, \$12,859 of Heritage NSW program, \$56,937 of Public Spaces Legacy Program funding and \$96,861 for Reconnecting Regional NSW programs.

An additional \$2,133,053 was transferred to contract liabilities for grants received but remaining unspent, together with an amount of \$1,039,393 of interest earned on unexpended grants. Grant funding received includes \$1,000,000 for OLG Flood Restoration grant, \$700,000 Public Spaces funding and an additional \$388,191 for SCCF5 funded programs.

Accounting policy

Contract liabilities are recorded when consideration is received from a customer / fund provider prior to Council transferring a good or service to the customer, Council presents the funds which exceed revenue recognised as a contract liability.

C3-3 Borrowings

Financing arrangements

\$ '000	2023	2022
Total facilities		
- Credit cards/purchase cards	20	18
Total financing arrangements	20	18
Undrawn facilities		
- Credit cards/purchase cards	11	9
Total undrawn financing arrangements	11	9

Accounting policy

Council measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in other income or borrowing costs.

C3-4 Employee benefit provisions

\$ '000	2023 Current	2023 Non-current	2022 Current	2022 Non-current
Annual leave	806	–	885	–
Long service leave	2,041	63	2,022	63
ELE on-costs	235	4	94	2
Total employee benefit provisions	3,082	67	3,001	65

Current employee benefit provisions not anticipated to be settled within the next twelve months

\$ '000	2023	2022
The following provisions, even though classified as current, are not expected to be settled in the next 12 months.		
Provisions – employee benefits	2,200	2,307
	2,200	2,307

Accounting policy

Employee benefit provisions are presented as current liabilities in the Statement of Financial Position if Council does not have an unconditional right to defer settlement for at least 12 months after the reporting date, regardless of when the actual settlement is expected to occur and therefore all annual leave and vested long service leave (or that which vests within 12 months) is presented as current.

Short-term obligations

Liabilities for wages and salaries (including non-monetary benefits, annual leave and accumulating sick leave expected to be wholly settled within 12 months after the end of the period in which the employees render the related service) are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave and accumulating sick leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

Other long-term employee benefit obligations

The liability for long-service leave and annual leave that is not expected to be wholly settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

On-costs

The employee benefit provisions include the aggregate on-cost liabilities that will arise when payment of current employee benefits is made in future periods.

These amounts include superannuation, payroll tax and workers compensation expenses which will be payable upon the future payment of certain leave liabilities which employees are entitled to at the reporting period.

C3-5 Provisions

Additional provisions	344	344
Total other provisions at end of year	344	344
2022		
Total other provisions at end of year	—	—

Nature and purpose of provisions

Asset remediation

The asset remediation provision represents the present value estimate of future costs Council will incur to restore, rehabilitate and reinstate its tips and quarries as a result of past operations.

Accounting policy

Provisions are recognised when Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as a borrowing cost.

Asset remediation – tips and quarries

Close-down and restoration costs include the dismantling and demolition of infrastructure, and the removal of residual materials and remediation of disturbed areas. Estimated close-down and restoration costs are provided for in the accounting period when the obligation arising from the related disturbance occurs, whether this occurs during the development or during the operation phase, based on the net present value of estimated future costs. Provisions for close-down and restoration costs do not include any additional obligations which are expected to arise from future disturbance. The cost estimates are calculated annually during the life of the operation to reflect known developments, e.g. updated cost estimates and revisions to the estimated lives of operations, and are subject to formal review at regular intervals.

The ultimate cost of environmental remediation is uncertain and cost estimates can vary in response to many factors, including changes to the relevant legal requirements, the emergence of new restoration techniques, or experience at other locations. The expected timing of expenditure can also change, for example in response to changes in quarry reserves or production rates. As a result, there could be significant adjustments to the provision for close down and restoration and environmental clean-up, which would affect future financial results.

Other movements in the provisions for close-down and restoration costs, including those resulting from new disturbance, updated cost estimates, changes to the estimated lives of operations, and revisions to discount rates, are capitalised within infrastructure, property, plant and equipment. These costs are then depreciated over the lives of the assets to which they relate.

C4 Reserves

C4-1 Nature and purpose of reserves

IPPE Revaluation reserve

The infrastructure, property, plant and equipment revaluation reserve is used to record increments / decrements of non-current asset values due to their revaluation, including intangible assets.

D Council structure

D1 Results by fund

General fund refers to all Council activities other than water and sewer. All amounts disclosed in this note are gross i.e. inclusive of internal charges and recoveries made between the funds. Assets and liabilities shown in the water and sewer columns are restricted for use for these activities.

Council holds a 14% share of equity in Western Riverina Libraries, and has assessed this as not material, hence not recognised.

E Risks and accounting uncertainties

E1-1 Risks relating to financial instruments held

Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council.

Council's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital. The finance team manages the cash and investments portfolio. Council has an investment policy which complies with the s 625 of the Act and the Ministerial Investment Order. The policy is regularly reviewed by Council and a monthly investment report is provided to Council setting out the make-up performance of the portfolio as required by local government regulations.

Council does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance team under policies approved by the Councillors.

The fair value of Council's financial assets and financial liabilities approximates their carrying amount.

The risks associated with the financial instruments held are:

- interest rate risk – the risk that movements in interest rates could affect returns
- liquidity risk – the risk that Council will not be able to pay its debts as and when they fall due.
- credit risk – the risk that a contracting entity will not complete its obligations under a financial instrument, resulting in a financial loss to the Council.

Council manages these risks by diversifying its portfolio and only purchasing investments with high credit ratings or capital guarantees.

(a) Market risk – interest rate and price risk

\$ '000	2023	2022
The impact on result for the year and equity of a reasonably possible movement in the price of investments held and interest rates is shown below. The reasonably possible movements were determined based on historical movements and economic conditions in place at the reporting date.		
Impact of a 1% movement in interest rates		
– Equity / Income Statement	371	301

E1-1 Risks relating to financial instruments held (continued)

(b) Credit risk

Council's major receivables comprise (i) rates and annual charges and (ii) user charges and fees.

Council manages the credit risk associated with these receivables by monitoring outstanding debt and employing stringent debt recovery procedures.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

There are no significant concentrations of credit risk other than Council having significant risk exposures in its local area given the nature of Council activities.

Council makes suitable provision for doubtful receivables as required.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

Credit risk profile

Receivables – rates and annual charges

Credit risk on rates and annual charges is minimised by the ability of Council to recover these debts as a secured charge over the land; that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages payment.

\$ '000	Not yet overdue	overdue rates and annual charges < 5 years	≥ 5 years	Total
2023				
Gross carrying amount	–	472	69	541
2022				
Gross carrying amount	–	479	54	533

Receivables - non-rates and annual charges and contract assets

Council applies the simplified approach for non-rates and annual charges debtors and contract assets to provide for expected credit losses, which permits the use of the lifetime expected loss provision at inception. To measure the expected credit losses, non-rates and annual charges debtors and contract assets have been grouped based on shared credit risk characteristics and the days past due.

The loss allowance provision is determined as follows. The expected credit losses incorporate forward-looking information.

\$ '000	Not yet overdue	Overdue debts 0 - 30 days	31 - 60 days	61 - 90 days	> 91 days	Total
2023						
Gross carrying amount	2,211	23	25	17	239	2,515
Expected loss rate (%)	0.00%	0.00%	0.00%	0.00%	13.00%	1.24%
ECL provision	–	–	–	–	31	31
2022						
Gross carrying amount	–	2,559	6	25	787	3,377
Expected loss rate (%)	0.00%	0.00%	0.00%	0.00%	3.82%	0.89%
ECL provision	–	–	–	–	30	30

E1-1 Risks relating to financial instruments held (continued)

(c) Liquidity risk

Payables, lease liabilities and borrowings are both subject to liquidity risk; that is, the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels, and by maintaining an adequate cash buffer. Payment terms can be extended, and overdraft facilities drawn upon in extenuating circumstances.

The timing of cash flows presented in the table below to settle financial liabilities reflects the earliest contractual settlement dates. The timing of expected outflows is not expected to be materially different from contracted cashflows.

The amounts disclosed in the table are the undiscounted contracted cash flows and therefore the balances in the table may not equal the balances in the Statement of Financial Position due to the effect of discounting.

\$ '000	Subject to no maturity	≤ 1 Year	payable in: 1 - 5 Years	> 5 Years	Contractual cash flows	Actual carrying values
2023						
Payables	60	1,960	–	–	2,020	2,018
Total financial liabilities ¹	60	1,960	–	–	2,020	2,018
2022						
Payables	26	1,508	–	–	1,534	1,736
Total financial liabilities ¹	26	1,508	–	–	1,534	1,736

(1) For comparative data, prior year payables actual carrying values have been adjusted to include pre paid rates as a result of changes to the Code of Accounting Practice in 2022.

E2-1 Fair value measurement

The Council measures the following asset and liability classes at fair value on a recurring basis:

- Infrastructure, property, plant and equipment
- Intangible assets

Fair value hierarchy

All assets and liabilities measured at fair value are assigned to a level in the fair value hierarchy as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that Council can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability

The table below shows the assigned level for each asset and liability held at fair value by Council:

		Fair value measurement hierarchy					
\$ '000	Notes	Level 2 Significant observable inputs		Level 3 Significant unobservable inputs		Total

E2-1 Fair value measurement (continued)

Valuation techniques

Where Council is unable to derive fair valuations using quoted market prices of identical assets (ie. level 1 inputs) Council instead utilises a spread of both observable inputs (level 2 inputs) and unobservable inputs (level 3 inputs).

The fair valuation techniques Council has employed while utilising level 2 and level 3 inputs are as follows:

Infrastructure, property, plant and equipment (IPPE)

Level 2 measurements

Plant and equipment, office equipment, furniture and fittings, and library books

Council officers undertook a re-valuation for these assets as at 30 June 2017. Subsequently, these assets have been held at depreciated historical cost, which is expected to provide a reasonable approximation of fair value.

Examples of assets within these classes are as follows:

- Plant and equipment – graders, trucks, rollers, tractors & motor vehicles
- Office equipment – computers, photocopiers, phone systems etc.
- Furniture and fittings – chairs, desks, cabinets etc.

Buildings (residential)

Building values are based on valuations provided by APV Valuers dated 1 July 2022. A market approach was used to determine the value of residential properties where the relevant inputs were able to be observed from current market evidence. The fair value of residential properties has been derived from sales prices of comparable properties after adjusting for differences in key attributes such as property size.

To reflect increases to fair value as a result of higher input costs, indexation was applied to these assets to 30 June 2023. The index factor used was the ABS series 3020 PPI (non-residential building construction NSW).

Level 3 measurements

Operational, community, and crown land

Land values are based on the values provided by the NSW Valuer General for rating purposes. The latest valuations were applied based on 1 July 2022 valuations.

Land improvements, buildings, other structures, swimming pools, other open space/recreational assets, landfill and quarry assets, and other infrastructure

Values for these assets are based on valuations provided by APV Valuers dated 1 July 2022. A cost approach was used to determine the value of these assets where there was no evidence to support a market approach.

Under this approach the cost to replace the asset is calculated and then adjusted to take account of any obsolescence. The valuer disaggregated the building into different components to aid with asset management planning. The components were further split into the short-life and long-life parts representing the estimated cost of renewal and the balance of the component. The value of each part was determined based on the inter-relationship between a range of factors. These include asset condition, legal and commercial obsolescence and the determination of key depreciation related assumptions such as residual value and useful life.

A number of assets were not valued by APV Valuers and, absent any reason to indicate that the fair value of these assets would differ materially from their current value, these assets were carried at their previous value from the existing asset register on 1 July 2022.

To reflect increases to fair value as a result of higher input costs, indexation was applied to these assets to 30 June 2023. The index factors used were the ABS series 3020 PPI (non-residential building construction NSW, for buildings).

Roads, bridges, footpaths, bulk earthworks, and other road assets

Council's roads, footpaths, and other road assets were inspected and valued by Tonkin Consulting as at 1 July 2021, who also carried out a desktop valuation for earthworks and bridges.

A cost approach was used to determine the value of these assets where there was no evidence to support a market approach and no market for Council to use to determine the fair value of its road assets.

E2-1 Fair value measurement (continued)

A componentisation methodology was developed as part of this valuation.

To reflect increases to fair value as a result of higher input costs subsequent to the valuation date, indexation was applied to these assets to 30 June 2023. The index factor used was ABS series 3101 (road and bridge construction NSW).

During the 2022-23 financial year, Council's roads were impacted by AGRN 1030 (Southern and Central West NSW Flooding from 4 August 2022 onwards) and AGRN 1034 (NSW Flooding from 14 September 2022 onwards). Hence, Council also conducted an assessment to determine whether recent natural disasters materially affected the assets' fair value.

To inform this assessment, consideration was given to the outcomes of the condition survey of Council's road network which was carried out by Shephard Services. Based on the data collected by Shephard Services and review by Transport for NSW, estimated reconstruction costs (to restore the roads to the currently accepted technical standards appropriate to their pre-disaster function) totalled \$7,696,173.68. This includes costs for grading, re-sheeting, insitu stabilisation, patch repair, resealing, and reconstruction. It is considered that this is a reasonable approximation of the reduction in fair value applicable to Council's roads.

To reflect this, the fair value of the roads asset class in Council's 2023 financial statements was adjusted by this amount.

Stormwater drainage, water supply network, and sewerage network

Values for these assets are based on valuations provided by Tonkin Consulting as at 1 July 2022.

A cost approach was used to determine the value of these assets where there was no evidence to support a market approach and no market for Council to use to determine the fair value of its road assets.

To reflect increases to fair value as a result of higher input costs subsequent to the valuation date, indexation was applied to these assets to 30 June 2023.

Water supply network and sewerage network rates are indexed each year in line with the NSW Reference Rates Manual. To reflect increases to fair value as a result of higher input costs subsequent to the valuation date, indexation was also applied to the stormwater drainage asset class to 30 June 2023; the index factor used was ABS series 3109 (other heavy and civil engineering construction Australia).

Intangible assets

Water access licences

Council values water access licences based on prices recognised in a water trading market. These were revalued at 30 June 2023.

Significant unobservable valuation inputs used (for level 3 asset classes) and their relationship to fair value.

The following table summarises the quantitative information relating to the significant unobservable inputs used in deriving the various level 3 asset class fair values.

	Valuation technique/s	Unobservable inputs
Infrastructure, property, plant and equipment		
Crown land, operational land, and community land	Market approach. Land values obtained from the NSW Valuer-General.	Land value, land area, level of restriction.
Buildings, land improvements, other structures, swimming pools, other open space/recreational assets, and other infrastructure	Cost approach [Note: Level 2 buildings were valued using a market approach.]	Current replacement cost of modern equivalent asset using componentisation, asset condition, remaining lives, split between short-life and long-life parts.
Roads, bridges, footpaths, bulk earthworks, and other road assets	Cost approach	Asset condition, remaining lives using componentisation.
Stormwater drainage, water supply network, and sewerage network	Cost approach	Asset condition, remaining lives using componentisation
Landfill and quarry assets	Cost approach	Asset condition, remaining lives, timing of expected cash outflows for remediation

E2-1 Fair value measurement (continued)

A reconciliation of the movements in recurring fair value measurements allocated to Level 3 of the hierarchy is provided below:

	2023	2022 Restated
\$ '000		
Opening balance	282,499	258,279
Total gains or losses for the period		
Recognised in other comprehensive income – revaluation surplus	46,002	26,114

Buildings previously recognised as non-specialised now valued on a cost approach basis (e.g. office and depot buildings)	3,847	–
Plant and equipment and furniture and fitting assets reclassified and now belonging to classes measured using the level 3 fair valuation hierarchy	16	–
Total	3,863	–

Highest and best use

All of Council's non-financial assets are considered as being utilised for their highest and best use.

E3-1 Contingencies

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position, but their knowledge and disclosure is considered relevant to the users of Council's financial report.

LIABILITIES NOT RECOGNISED

1. Guarantees

(i) Defined benefit superannuation contribution plans

Council is party to an Industry Defined Benefit Plan under the Local Government Superannuation Scheme, named The Local Government Superannuation Scheme – Pool B (the Scheme) which is a defined benefit plan that has been deemed to be a 'multi-employer fund' for purposes of AASB119 Employee Benefits for the following reasons:

- Assets are not segregated within the sub-group according to the employees of each sponsoring employer.
- The contribution rates have been the same for all sponsoring employers. That is, contribution rates have not varied for each sponsoring employer according to the experience relating to the employees of that sponsoring employer.
- Benefits for employees of all sponsoring employers are determined according to the same formulae and without regard to the sponsoring employer.
- The same actuarial assumptions are currently used in respect of the employees of each sponsoring employer.

Given the factors above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers, and hence shares in the associated gains and losses (to the extent that they are not borne by members).

Description of the funding arrangements.

Pooled Employers are required to pay future service employer contributions and past service employer contributions to the Fund.

The future service employer contributions were determined using the new entrant rate method under which a contribution rate sufficient to fund the total benefits over the working life-time of a typical new entrant is calculated. The current future service employer contribution rates are::

Division B	1.9 times member contributions for non-180 Point Members; Nil for 180 Point Members*
Division C	2.5% salaries
Division D	1.64 times member contributions

* For 180 Point Members, Employers are required to contribute 8.0% of salaries for the year ending 30 June 2023 (increasing to 8.5% in line with the increase in the Superannuation Guarantee) to these members' accumulation accounts, which are paid in addition to members' defined benefits.

The past service contribution for each Pooled Employer is a share of the total past service contributions of \$20.0 million per annum for 1 January 2022 to 31 December 2024, apportioned according to each employer's share of the accrued liabilities as at 30 June 2021. These past service contributions are used to maintain the adequacy of the funding position for the accrued liabilities.

The adequacy of contributions is assessed at each triennial actuarial investigation and monitored annually between triennials.

Description of the extent to which Council can be liable to the plan for other Council's obligations under the terms and conditions of the multi-employer plan

As stated above, each sponsoring employer (Council) is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses.

However, there is no relief under the Fund's trust deed for employers to walk away from their defined benefit obligations. Under limited circumstances, an employer may withdraw from the plan when there are no active members, on full payment of outstanding additional contributions. There is no provision for allocation of any surplus which may be present at the date of withdrawal of the Council.

There are no specific provisions under the Fund's trust deed dealing with deficits or surplus on wind-up.

There is no provision for allocation of any surplus which may be present at the date of withdrawal of an employer.

E3-1 Contingencies (continued)

The amount of Council employer contributions to the defined benefit section of the Local Government Superannuation Scheme and recognised as an expense for the year ending 30 June 2023 was \$78,585.59. The last valuation of the Scheme was performed by fund actuary, Richard Boyfield, FIAA as at 30 June 2022.

The amount of additional contributions included in the total employer contribution advised above is \$49,285.32. Council's expected contribution to the plan for the next annual reporting period is \$69,904.32.

The estimated employer reserves financial position for the Pooled Employers at 30 June 2023 is:

Employer reserves only *	\$millions	Asset Coverage
Assets	2,290.9	
Past Service Liabilities	2,236.1	102.4%
Vested Benefits	2,253.6	101.7%

* excluding member accounts and reserves in both assets and liabilities.

The share of any funding surplus or deficit that can be attributed to Council is 0.25%

Council's share of that deficiency cannot be accurately calculated as the Scheme is a mutual arrangement where assets and liabilities are pooled together for all member councils. For this reason, no liability for the deficiency has been recognised in Council's accounts. Council has a possible obligation that may arise should the Scheme require immediate payment to correct the deficiency.

The key economic long term assumptions used to calculate the present value of accrued benefits are:

Investment return	6.0% per annum
Salary inflation *	3.5% per annum
Increase in CPI	6.0% for FY 22/23 2.5% per annum thereafter

* Plus promotional increases

The contribution requirements may vary from the current rates if the overall sub-group experience is not in line with the actuarial assumptions in determining the funding program; however, any adjustment to the funding program would be the same for all sponsoring employers in the Pooled Employers group.

Please note that the estimated employer reserves financial position above is a preliminary calculation, and once all the relevant information has been received by the Funds Actuary, the final end of year review, which will be a triennial actuarial investigation will be completed by December 2023.

(ii) Statewide Limited

Council is a member of Statewide Mutual, a mutual pool scheme providing liability insurance to local government.

Membership includes the potential to share in either the net assets or liabilities of the fund depending on its past performance. Council's share of the net assets or liabilities reflects Council's contributions to the pool and the result of insurance claims within each of the fund years.

The future realisation and finalisation of claims incurred but not reported to 30 June this year may result in future liabilities or benefits as a result of past events that Council will be required to fund or share in respectively.

(iii) StateCover Limited

Council is a member of StateCover Mutual Limited and holds a partly paid share in the entity.

StateCover is a company providing workers compensation insurance cover to the NSW local government industry and specifically Council.

Council has a contingent liability to contribute further equity in the event of the erosion of the company's capital base as a result of the company's past performance and/or claims experience or as a result of any increased prudential requirements from APRA.

E3-1 Contingencies (continued)

These future equity contributions would be required to maintain the company's minimum level of net assets in accordance with its licence requirements.

(iv) Other guarantees

Council has provided no other guarantees other than those listed above.

2. Other

(i) Third party claims

The Council is involved from time to time in various claims incidental to the ordinary course of business including claims for damages relating to its services.

Council believes that it is appropriately covered for all claims through its insurance coverage and does not expect any material liabilities to eventuate.

ASSETS NOT RECOGNISED

(i) Land under roads

As permitted under AASB 1051, Council has elected not to bring to account land under roads that it owned or controlled up to and including 30 June 2008.

(ii) Infringement notices/fines

Fines and penalty income, the result of Council issuing infringement notices is followed up and collected by the Infringement Processing Bureau.

Council's revenue recognition policy for such income is to account for it as revenue on receipt.

Accordingly, at year end, there is a potential asset due to Council representing issued but unpaid infringement notices.

Due to the limited information available on the status, value and duration of outstanding notices, Council is unable to determine the value of outstanding income.

(iii) Western Riverina Libraries

Council is a member of the Western Riverina Libraries and has a 1/5th proportion of voting power of the organisation. Council's share in the assets, liabilities and outputs of the organisation is based on the proportional population share and is considered immaterial in amount.

(iv) Rural Fire Service assets

Consistent with prior reporting periods, Council has recognised only the land and buildings used by the Rural Fire Service, situated within the Local Government area, however, it does not account for Rural Fire Service plant or other equipment.

Refer to note C1-7.

F People and relationships

F1 Related party disclosures

F1-1 Key management personnel (KMP)

Key management personnel (KMP) of the council are those persons having the authority and responsibility for planning, directing and controlling the activities of the council, directly or indirectly.

The aggregate amount of KMP compensation included in the Income Statement is:

\$ '000	2023	2022
Compensation:		
Short-term benefits	1,092	1,369
Post-employment benefits	104	127
Other long-term benefits	17	438
Termination benefits	–	48
Total	1,213	1,982

Other transactions with KMP and their related parties

Council has determined that transactions at arm's length between KMP and Council as part of Council delivering a public service objective (e.g. access to library or Council swimming pool by KMP) will not be disclosed.

Council also incurs a number of employee expenses in respect of close family members of KMP. These employees are recruited in the same manner, and their employment is subject to the same terms and conditions, as other employees performing similar roles.

Nature of the transaction	Transactions during the year	Outstanding balances including commitments	Terms and conditions	Impairment provision on outstanding balances	Impairment expense
\$ '000					
2023					
Related Parties, which are Suppliers of Council, supplying goods and services, such as plumbing works and veterinary services, procured utilising Council's procedures & plans for procurement.	220	–	30 days payment	–	–

G2-1 Commitments

Capital commitments (exclusive of GST)

\$ '000	2023	2022
---------	------	------

Capital expenditure committed for at the reporting date but not recognised in the financial statements as liabilities:

Property, plant and equipment

Buildings	–	40
Plant and equipment	1,275	671
Buildings - day care centre	–	16
Buildings - gymnasium and amenities	–	10
Other	334	130
Other Structures - Brolga Place Redevelopment	1,141	–
Total commitments	2,750	867

These expenditures are payable as follows:

Within the next year	2,750	867
Total payable	2,750	867

Sources for funding of capital commitments:

Unrestricted general funds	468	348
Future grants and contributions	1,474	197
Internally restricted reserves	808	322
Total sources of funding	2,750	867

G3 Changes from prior year statements

G3-1 Correction of errors

Nature of prior period errors

Stronger Communities Fund Round 1

Stronger Communities Fund Round 1 funds totalling \$2,758,118 as at 30 June 2022 were previously recognised as a contract liability in the financial statements. However, these grant funds were not provided for a sufficiently specific purpose and hence were not eligible for recognition as contract liabilities under AASB 15 nor AASB 1058.

This amount continues to be recognised as a restriction on cash, cash equivalents and investments at Note C1-3.

Unspent interest on grant funds

A review of grant funds identified that the Stronger Communities Fund Round 2, recognised in the financial statements as a contract liability, had accrued a total of \$135,798 interest to 30 June 2022. Similarly, the Stronger Country Communities Funds was estimated to accrue a smaller liability of around \$6,694, rising to \$26,173 by 30 June 2023. As interest was earned, it was previously recorded as interest revenue however should have been recognised as a contract liability as it could only be spent on projects under the agreement.

In its 2023 financial statements, Council has reduced interest revenue by the amount of interest required to be expended on these projects.

This amount has also been recognised as a restriction on cash, cash equivalents and investments at Note C1-3.

Infrastructure, property, plant and equipment assets

It has been identified that assets controlled by Council were not previously capitalised:

Asset class	Fair value at 30 June 2022 (\$)
Stormwater drainage	2,267,009
Sewerage network	4,097,360
Water supply network	340,148

G3-1 Correction of errors (continued)

Community land	397,720
Operational land	163,810
Crown land	777,851

In addition, the following errors were identified in relation to the land controlled by Council:

- Two land assessments were duplicated in the land register since amalgamation, resulting in a total overstatement of land assets by \$217,218 since that time.
- One land assessment which was not appropriately apportioned when revaluation last occurred in the 2020 financial year, resulting in an overstatement of land assets by \$138,000.
- One land assessment which was included on its land register since amalgamation was found not to be controlled by Council, resulting in an overstatement of land assets by \$108,000.

The net restatement to infrastructure, property, plant and equipment as at 30 June 2022 was \$7.58m.

For previous financial years, the errors identified above have been corrected by restating the balances at the beginning of the earliest period presented (1 July 2021) and taking the adjustment through to accumulated surplus and revaluation reserves at that date.

Comparatives have been changed to reflect the correction of errors. The impact on each line item is shown in the tables below.

Changes to the opening Statement of Financial Position at 1 July 2021

Statement of Financial Position

\$ '000	Original Balance 1 July, 2021	Impact Increase/ (decrease)	Restated Balance 1 July, 2021

End of the audited financial statements

INDEPENDENT AUDITOR'S REPORT

Report on the general purpose financial statements

Murrumbidgee Council

To the Councillors of Murrumbidgee Council

Qualified Opinion

I have audited the accompanying financial statements of Murrumbidgee Council (the Council), which comprise the Statement by Councillors and Management, the Income Statement and Statement of Comprehensive Income for the year ended 30 June 2023, the Statement of Financial Position as at 30 June 2023, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion, except for the effects of the matter described in the 'Basis for Qualified Opinion' section of my report:

- the Council's accounting records have been kept in accordance with the requirements of the *Local Government Act 1993*, Chapter 13, Part 3, Division 2 (the Division)
- the financial statements:
 - have been prepared, in all material respects, in accordance with the requirements of this Division
 - are consistent with the Council's accounting records
 - present fairly, in all material respects, the financial position of the Council as at 30 June 2023, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- all information relevant to the conduct of the audit has been obtained
- no material deficiencies in the accounting records or financial statements have come to light during the audit.

My qualified opinion should be read in conjunction with the rest of this report.

Basis for Qualified Opinion

Non recognition of rural fire-fighting equipment

As disclosed in Note C1-7 'Infrastructure, property, plant and equipment' and Note E3-1 'Contingencies' to the financial statements, the Council has not recognised rural fire-fighting equipment as assets in the Statement of Financial Position at 30 June 2023. In my opinion, these assets are controlled by the Council and should be recognised as assets in accordance with AASB 116 'Property, Plant and Equipment'.

Australian Accounting Standards refer to control of an asset as being the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset. Control includes the ability to prevent other entities from directing the use of, and obtaining the benefits from, an asset.

Rural fire-fighting equipment is controlled by the Council as:

- these assets are vested in the Council under section 119(2) of the *Rural Fires Act 1997* (Rural Fires Act), giving the Council legal ownership
- the Council has the ability, outside of emergency events as defined in section 44 of the Rural Fires Act, to prevent the NSW Rural Fire Service from directing the use of the rural fire-fighting equipment by either not entering into a service agreement, or cancelling the existing service agreement that was signed on 2 September 2009
- the Council has specific responsibilities for fire mitigation and safety works and bush fire hazard reduction under Part 4 of the Rural Fires Act. The Council obtains economic benefits from the rural fire-fighting equipment as these assets are used to fulfil Council's responsibilities
- in the event of the loss of an asset, the insurance proceeds must be paid into the New South Wales Rural Fire Fighting Fund (section 119(4) of the Rural Fires Act) and be used to reacquire or build a similar asset, which is again vested in the Council as an asset provided free of charge.

The Council has not undertaken procedures to confirm the completeness, accuracy, existence or condition of these assets. Nor has the Council performed procedures to identify the value of assets vested in it during the year. When these assets are vested, no financial consideration is required from the Council and as such the assets are provided to the Council free-of-charge.

This is a limitation on the scope of my audit as I was unable to obtain sufficient appropriate audit evidence to:

- support the carrying values of rural fire-fighting equipment assets that should be recorded in the Statement of Financial Position and related notes as at 30 June 2023
- determine the impact on the 'Accumulated surplus' in the Statement of Changes in Equity and Statement of Financial Position
- determine the amount of 'Grants and contributions provided for capital purposes' income from any rural fire-fighting equipment assets vested as an asset received free of charge during the year and/or 'Depreciation, amortisation and impairment of non-financial assets' expense that should be recognised in the Income Statement for the year ended 30 June 2023
- determine the impact on the 'Operating performance' and 'Own source operating revenue' ratios in Note G5-1 'Statement of performance measures – consolidated results' and Note G5-2 'Statement of performance measures by fund'.

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Other Information

The Council's annual report for the year ended 30 June 2023 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the special purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the special purpose financial statements and Special Schedule - Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the *Local Government Act 1993*, and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the Original Budget information included in the Income Statement, Statement of Cash Flows, and Note B5-1 'Material budget variations'
- on the Special Schedules. A separate opinion has been provided on Special Schedule - Permissible income for general rates
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

15 December 2023

Dear Mayor

**Report on the Conduct of the Audit
for the year ended 30 June 2023
Murrumbidgee Council**

I have audited the general purpose financial statements (GPFS) of the Murrumbidgee Council (the Council) for the year ended 30 June 2023 as required by section 415 of the *Local Government Act 1993* (the Act).

I expressed a modified opinion on the Council's GPFS.

This Report on the Conduct of the Audit (the Report) for the Council for the year ended 30 June 2023 is issued in accordance with section 417 of the Act. This Report should be read in conjunction with my audit opinion on the GPFS issued under section 417(2) of the Act.

SIGNIFICANT AUDIT ISSUES AND OBSERVATIONS

I identified the following significant audit issues and observations during my audit of the Council's financial statements. These issues and observations were addressed as part of my audit.

Modification to the opinion in the Independent Auditor's Report

Non-recognition of rural fire-fighting equipment

The Council has not recognised rural fire-fighting equipment as assets within 'Infrastructure, property, plant and equipment' in the Statement of Financial Position at 30 June 2023. In my opinion, these assets are controlled by the Council and should be recognised as assets in accordance with AASB 116 'Property, Plant and Equipment'.

Australian Accounting Standards refer to control of an asset as being the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset. Control includes the ability to prevent other entities from directing the use of, and obtaining the benefits from, an asset.

Rural fire-fighting equipment is controlled by the Council as:

- these assets are vested in the Council under section 119(2) of the *Rural Fires Act 1997* (Rural Fires Act), giving the Council legal ownership

- the Council has the ability, outside of emergency events as defined in section 44 of the Rural Fires Act, to prevent the NSW Rural Fire Service from directing the use of the rural fire-fighting equipment by either not entering into a service agreement, or cancelling the existing service agreement that was signed on 13 December 2010
- the Council has specific responsibilities for fire mitigation and safety works and bush fire hazard reduction under Part 4 of the Rural Fires Act. The Council obtains economic benefits from the rural fire-fighting equipment as these assets are used to fulfil Council's responsibilities
- in the event of the loss of an asset, the insurance proceeds must be paid into the New South Wales Rural Fire Fighting Fund (section 119(4) of the Rural Fires Act) and be used to reacquire or build a similar asset, which is again vested in the Council as an asset provided free of charge.

The Council has not undertaken procedures to confirm the completeness, accuracy, existence or condition of these assets. Nor has the Council performed procedures to identify the value of assets vested in it during the year. When these assets are vested, no financial consideration is required from the Council and as such the assets are provided to the Council free of charge.

Consequently, we were unable to determine the carrying values of rural firefighting equipment assets and related amounts that should be recorded and recognised in the council's 30 June 2023 financial statements.

This has resulted in the audit opinion on the Council's 30 June 2023 general purpose financial statements (GPFS) to be modified.

Refer to the Independent Auditor's Report on the GPFS.

INCOME STATEMENT

Operating result

	2023 \$m	2022* \$m	Variance %
Rates and annual charges revenue	6.3	6.0	 5.0
Grants and contributions revenue	17.4	15.3	 13.7
Operating result from continuing operations	3.9	6.0	 35.0
Net operating result before capital grants and contributions	0.1	0.5	 80.0

* The 2022 comparatives have been restated to correct a prior period error. Note G3-1 of the financial statements provides details of the prior period error.

Rates and annual charges revenue of \$6.3 million increased by \$0.3 million (5.0 per cent) in 2022–23 mainly due to the rate peg increase of 0.7 per cent and increase of 0.1 million of annual charges levied for water supply and sewerage services.

Grants and contributions revenue of \$17.4 million increased by \$2.1 million (13.7 per cent) in 2022–23 due to:

- increase of \$0.8 million of Financial Assistance Grants received during the year
- increase of \$3.6 million in Transport grants (other roads and bridges funding) received during the year
- decrease of \$0.8 million of Local Roads and Community Infrastructure grants received during the year
- decrease of \$1.0 million of Stronger Country Communities grant received during the year.

The Council's operating result from continuing operations was \$3.9 million (including depreciation and amortisation expense of \$7.2 million) was \$2.1 million lower than the 2021–22 result.

The net operating result before capital grants and contributions of \$0.1 million was \$0.4 million lower than the 2021–22 result.

STATEMENT OF CASH FLOWS

Council's cash and cash equivalents were \$3.4 million (\$13.6 million for the year ended 30 June 2022). There was a net decrease of cash and cash equivalents of \$10.2 million during the 2022-23 financial year.

Net cash provided by operating activities increased by \$1.6 million mainly due to a increase in receipts for grants and contributions.

Net cash used in investing activities increased by \$18.8 million, largely due to the acquisitions of term deposits.

Council has no financing activities.

FINANCIAL POSITION

Cash and investments

Cash and investments	2023	2022	Commentary
	\$m	\$m	
Total cash, cash equivalents and investments	37.1	30.3	Externally restricted balances comprise mainly of specific purpose unexpended grants, water funds and sewer funds. The increase of \$2.8 million is primarily due to a \$2.8 million increase in specific purpose unexpended grants.
Restricted and allocated cash, cash equivalents and investments:			Internal allocations are determined by Council policies or decisions, which are subject to change. The increase of \$2.4 million in the internal allocations is primarily due to a \$1.9 million increase in the Financial Assistance Grants received in advance.
• External restrictions	22.8	20.0	
• Internal allocations	12.2	9.8	

Debt

At 30 June 2023, Council had \$20,000 in credit card facility with \$9,000 drawn down.

PERFORMANCE

Performance measures

The following section provides an overview of the Council's performance against the performance measures and performance benchmarks set by the Office of Local Government (OLG) within the Department of Planning and Environment.

Operating performance ratio

The Council exceeded the benchmark for the current reporting period.

The 2022 ratio was restated to correct a prior period error.

The 'operating performance ratio' measures how well council contained operating expenditure within operating revenue (excluding capital grants and contributions, fair value adjustments, and reversal of revaluation decrements). The benchmark set by OLG is greater than zero per cent.

Own source operating revenue ratio

The Council did not meet the benchmark for the current reporting period.

The 'own source operating revenue ratio' measures council's fiscal flexibility and the degree to which it relies on external funding sources such as operating grants and contributions. The benchmark set by OLG is greater than 60 per cent.

Unrestricted current ratio

The Council exceeded the benchmark for the current reporting period.

The 2022 ratio was restated to correct a prior period error.

The 'unrestricted current ratio' is specific to local government and represents council's ability to meet its short-term obligations as they fall due. The benchmark set by OLG is greater than 1.5 times.

Debt service cover ratio

The 'debt service cover ratio' measures the operating cash to service debt including interest, principal and lease payments. The benchmark set by OLG is greater than two times.

The Council has fully repaid extended borrowings prior to 30 June 2021 and does not have external borrowings therefore the debt service cover ratio is not relevant to Council for the 2023 year.

Rates and annual charges outstanding percentage

The Council met the benchmark for the current reporting period.

The 'rates and annual charges outstanding percentage' assesses the impact of uncollected rates and annual charges on council's liquidity and the adequacy of debt recovery efforts. The benchmark set by OLG is less than 10 per cent for regional and rural councils.

Cash expense cover ratio

The Council exceeded the benchmark for the current reporting period.

The 2022 ratio was restated to correct a prior period error.

This liquidity ratio indicates the number of months the council can continue paying for its immediate expenses without additional cash inflow. The benchmark set by OLG is greater than three months.

Infrastructure, property, plant and equipment renewals

Council renewed \$5.6 million of infrastructure, property, plant and equipment during the 2022-23 financial year. This was mainly spent on roads and plant and equipment. A further \$1.6 million was spent on new assets.

OTHER MATTERS

Legislative compliance

My audit procedures identified a material deficiency in the Council's financial statements due to the non-recognition of rural fire-fighting equipment which will be reported in the Management Letter.

Except for the matter outlined above, the Council's:

- accounting records were maintained in a manner and form that facilitated the preparation and the effective audit of the GPFS
- staff provided all accounting records and information relevant to the audit.

A handwritten signature in black ink, appearing to read 'Somaiya', is written over a faint, light blue circular stamp. The signature is fluid and cursive.

Correction of errors (water supply business activity)	10
Correction of errors (sewerage business activity)	11
Auditor's Report on Special Purpose Financial Statements	13

Background

- i. These Special Purpose Financial Statements have been prepared for the use by both Council and the Office of Local Government in fulfilling their requirements under National Competition Policy.
- ii. The principle of competitive neutrality is based on the concept of a 'level playing field' between persons/entities competing in a market place, particularly between private and public sector competitors.

Essentially, the principle is that government businesses, whether Commonwealth, state or local, should operate without net competitive advantages over other businesses as a result of their public ownership.

- iii. For Council, the principle of competitive neutrality and public reporting applies only to declared business activities.

These include **(a)** those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation, and **(b)** those activities with a turnover of more than \$2 million that Council has formally declared as a business activity (defined as Category 1 activities).

- iv. In preparing these financial statements for Council's self-classified Category 1 businesses and ABS-defined activities, councils must **(a)** adopt a corporatisation model and **(b)** apply full cost attribution including tax-equivalent regime payments and debt guarantee fees (where the business benefits from Council's borrowing position by comparison with commercial rates).

Murrumbidgee Council

Special Purpose Financial Statements

for the year ended 30 June 2023

Statement by Councillors and Management

Statement by Councillors and Management made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

The attached special purpose financial statements have been prepared in accordance with:

- NSW Government Policy Statement, *Application of National Competition Policy to Local Government*
- Division of Local Government Guidelines, *Pricing and Costing for Council Businesses: A Guide to Competitive Neutrality*
- The Local Government Code of Accounting Practice and Financial Reporting
- Sections 3 and 4 of the NSW Department of Planning and Environment, *Water's Regulatory and assurance framework for local water utilities*.

To the best of our knowledge and belief, these statements:

- present fairly the operating result and financial position for each of Council's declared business activities for the year,
- accord with Council's accounting and other records; and
- present overhead reallocation charges to the water and sewerage businesses as fair and reasonable.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 21 November 2023.

Note – Significant Accounting Policies

A statement summarising the supplemental accounting policies adopted in the preparation of the special purpose financial statements (SPFS) for National Competition Policy (NCP) reporting purposes follows.

These financial statements are SPFS prepared for use by Council and the Office of Local Government. For the purposes of these statements, the Council is a non-reporting not-for-profit entity.

The figures presented in these special purpose financial statements have been prepared in accordance with the recognition and measurement criteria of relevant Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and Australian Accounting Interpretations.

The disclosures in these special purpose financial statements have been prepared in accordance with the *Local Government Act 1993* (Act), the *Local Government (General) Regulation 2021* (Regulation) and the Local Government Code of Accounting Practice and Financial Reporting.

The statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, fair value of non-current assets. Certain taxes and other costs, appropriately described, have been imputed for the purposes of the National Competition Policy.

The Statement of Financial Position includes notional assets/liabilities receivable from/payable to Council's general fund. These balances reflect a notional intra-entity funding arrangement with the declared business activities.

National Competition Policy

Council has adopted the principle of 'competitive neutrality' in its business activities as part of the National Competition Policy which is being applied throughout Australia at all levels of government. The framework for its application is set out in the June 1996 NSW Government Policy statement titled 'Application of National Competition Policy to Local Government'. *The Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality* issued by the Office of Local Government in July 1997 has also been adopted.

The pricing and costing guidelines outline the process for identifying and allocating costs to activities and provide a standard for disclosure requirements. These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents, Council subsidies, and returns on investments (rate of return and dividends paid).

Declared business activities

In accordance with *Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality*, Council has declared that the following are to be considered as business activities:

Category 1

(where gross operating turnover is over \$2 million)

Nil

Category 2

(where gross operating turnover is less than \$2 million)

a. Murrumbidgee Council Water Funds

Comprising the whole of the water supply operations and net assets servicing the Council area.

b. Murrumbidgee Council Sewerage Funds

Comprising the whole of the sewerage reticulation and treatment operations and net assets servicing the Council area.

Monetary amounts

Amounts shown in the financial statements are in Australian dollars and rounded to the nearest one thousand dollars.

Taxation equivalent charges

Council is liable to pay various taxes and financial duties. Where this is the case, they are disclosed as a cost of operations just like all other costs. However, where Council does not pay some taxes, which are generally paid by private sector businesses, such as income tax, these equivalent tax payments have been applied to all Council-nominated business activities and are reflected in special purpose financial statements. For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all Council-nominated business activities (this does not include Council's non-business activities):

Notional rate applied (%)

Note – Significant Accounting Policies (continued)

Corporate income tax rate – **25%** (21/22 25%)

Land tax – the first \$969,000 of combined land values attracts **0%**. For the combined land values in excess of \$969,000 up to \$5,925,000 the rate is **\$100 + 1.6%**. For the remaining combined land value that exceeds \$5,925,000 a premium marginal rate of **2.0%** applies.

Payroll tax – **5.45%** on the value of taxable salaries and wages in excess of \$1,200,000.

In accordance with section 4 of Department of Planning and Environment (DPE) – Water's regulatory and assurance framework, a payment for the amount calculated as the annual tax equivalent charges (excluding income tax) must be paid from water supply and sewerage business activities.

The payment of taxation equivalent charges, referred to in the regulatory and assurance framework as a 'dividend for taxation equivalent', may be applied for any purpose allowed under the Act.

Achievement of substantial compliance to sections 3 and 4 of DPE – Water's regulatory and assurance framework is not a prerequisite for the payment of the tax equivalent charges; however the payment must not exceed \$3 per assessment.

Income tax

An income tax equivalent has been applied on the profits of the business activities. Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account in terms of assessing the rate of return required on capital invested. Accordingly, the return on capital invested is set at a pre-tax level – gain/(loss) from ordinary activities before capital amounts, as would be applied by a private sector competitor. That is, it should include a provision equivalent to the relevant corporate income tax rate, currently 25% (21/22 25%).

Income tax is only applied where a gain from ordinary activities before capital amounts has been achieved. Since the taxation equivalent is notional – that is, it is payable to the 'Council' as the owner of business operations – it represents an internal payment and has no effect on the operations of the Council.

Accordingly, there is no need for disclosure of internal charges in the SPFS. The rate applied of 25% is the equivalent company tax rate prevalent at reporting date. No adjustments have been made for variations that have occurred during the year.

Local government rates and charges

A calculation of the equivalent rates and charges for all Category 1 businesses has been applied to all assets owned, or exclusively used by the business activity.

Loan and debt guarantee fees

The debt guarantee fee is designed to ensure that Council business activities face 'true' commercial borrowing costs in line with private sector competitors. In order to calculate a debt guarantee fee, Council has determined what the differential borrowing rate would have been between the commercial rate and Council's borrowing rate for its business activities.

(i) Subsidies

Government policy requires that subsidies provided to customers, and the funding of those subsidies, must be explicitly disclosed. Subsidies occur where Council provides services on a less than cost recovery basis. This option is exercised on a range of services in order for Council to meet its community service obligations. The overall effect of subsidies is contained within the Income Statements of business activities.

(ii) Return on investments (rate of return)

The NCP policy statement requires that councils with Category 1 businesses 'would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field'.

Funds are subsequently available for meeting commitments or financing future investment strategies. The rate of return is disclosed for each of Council's business activities on the Income Statement.

The rate of return is calculated as follows:

Operating result before capital income + interest expense

Written down value of I,PP&E as at 30 June

Note – Significant Accounting Policies (continued)

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 4.02% at 30/6/23.

(iii) Dividends

Council is not required to pay dividends to either itself as owner of a range of businesses, or to any external entities.

A local government water supply and sewerage business is permitted to pay annual dividends from their water supply or sewerage business surpluses. Each dividend must be calculated and approved in accordance with section 4 of DPE – Water's regulatory and assurance framework and must not exceed 50% of the relevant surplus in any one year, or the number of water supply or sewerage assessments at 30 June 2023 multiplied by \$30 (less the payment for tax equivalent charges, not exceeding \$3 per assessment).

In accordance with section 4 of DPE – Water's regulatory and assurance framework, statement of compliance and statement of dividend payment, dividend payment form and unqualified independent financial audit report are submitted to DPE – Water.

Correction of errors (water supply business activity)

Nature of prior period error

It has been identified that water supply assets valued at \$340,148 (as at 30 June 2022) controlled by Council were not previously capitalised.

The errors identified above have been corrected by restating the balances at the beginning of the earliest period presented (1 July 2021) and taking the adjustment through to accumulated surplus at that date.

Comparatives have been changed to reflect the correction of errors. The impact on each line item is shown in the tables below.

Changes to the opening Statement of Financial Position at 1 July 2021

Correction of errors (sewerage business activity)

Nature of prior period error

It has been identified that sewerage network assets valued at \$4,097,360 (as at 30 June 2022) controlled by Council were not previously capitalised.

The errors identified above have been corrected by restating the balances at the beginning of the earliest period presented (1 July 2021) and taking the adjustment through to accumulated surplus at that date.

Comparatives have been changed to reflect the correction of errors. The impact on each line item is shown in the tables below.

Changes to the opening Statement of Financial Position at 1 July 2021

Statement of Financial Position

\$ '000	Original Balance 1 July, 2021	Impact Increase/ (decrease)	Restated Balance 1 July, 2021
Infrastructure, property, plant and equipment	10,002	3,954	13,956
Total non-current assets	10,046	3,954	14,000
Total assets	14,392	3,954	18,346

Correction of errors (sewerage business activity) (continued)

INDEPENDENT AUDITOR'S REPORT

Report on the special purpose financial statements

Murrumbidgee Council

To the Councillors of Murrumbidgee Council

Opinion

I have audited the accompanying special purpose financial statements (the financial statements) of Murrumbidgee Council's (the Council) Declared Business Activities, which comprise the Statement by Councillors and Management, the Income Statement of each Declared Business Activity for the year ended 30 June 2023, the Statement of Financial Position of each Declared Business Activity as at 30 June 2023 and Significant accounting policies note.

The Declared Business Activities of the Council are:

- Water supply
- Sewerage.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Council's declared Business Activities as at 30 June 2023, and their financial performance for the year then ended, in accordance with the Australian Accounting Standards described in the Significant accounting policies note and the Local Government Code of Accounting Practice and Financial Reporting 2022–23 (LG Code).

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as the auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Emphasis of Matter - Basis of Accounting

Without modifying my opinion, I draw attention to the Significant accounting policies note to the financial statements which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the Council's financial reporting responsibilities under the LG Code. As a result, the financial statements may not be suitable for another purpose.

Other Information

The Council's annual report for the year ended 30 June 2023 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and Special Schedule 'Permissible income for general rates'.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements and for determining that the accounting policies, described in the Significant accounting policies note to the financial statements, are appropriate to meet the requirements in the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

Contents	Page
Special Schedules:	
Permissible income for general rates	3
Report on infrastructure assets as at 30 June 2023	7

Murrumbidgee Council

Permissible income for general rates

\$ '000	Notes	Calculation 2022/23	Calculation 2023/24
Notional general income calculation ¹			
Last year notional general income yield	a	4,521	4,655
Plus or minus adjustments ²	b	(14)	(12)
Notional general income	$c = a + b$	4,507	4,643
Permissible income calculation			
Or rate peg percentage	e	2.50%	3.70%
Or plus rate peg amount	$i = e \times (c + g)$	113	172
Sub-total	$k = (c + g + h + i + j)$	4,620	4,815
Plus (or minus) last year's carry forward total	l	37	2
Sub-total	$n = (l + m)$	37	2
Total permissible income	$o = k + n$	4,657	4,817
Less notional general income yield	p	4,655	4,816
Catch-up or (excess) result	$q = o - p$	2	-
Carry forward to next year ³	$t = q + r + s$	2	-

Notes

- (1) The notional general income will not reconcile with rate income in the financial statements in the corresponding year. The statements are reported on an accrual accounting basis which include amounts that relate to prior years' rates income.
- (2) Adjustments account for changes in the number of assessments and any increase or decrease in land value occurring during the year. The adjustments are called 'supplementary valuations' as defined in the *Valuation of Land Act 1916 (NSW)*.
- (3) Carry-forward amounts which are in excess (an amount that exceeds the permissible income) require Ministerial approval by order published in the *NSW Government Gazette* in accordance with section 512 of the Act. The OLG will extract these amounts from Council's Permissible income for general rates Statement in the financial data return (FDR) to administer this process.

INDEPENDENT AUDITOR'S REPORT

Special Schedule – Permissible income for general rates

Murrumbidgee Council

To the Councillors of Murrumbidgee Council

Opinion

I have audited the accompanying Special Schedule – Permissible income for general rates (the Schedule) of Murrumbidgee Council (the Council) for the year ending 30 June 2024.

In my opinion, the Schedule is prepared, in all material respects in accordance with the requirements of the Local Government Code of Accounting Practice and Financial Reporting 2022–23 (LG Code) and is in accordance with the books and records of the Council.

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Schedule' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Emphasis of Matter - Basis of Accounting

Without modifying my opinion, I draw attention to the special purpose framework used to prepare the Schedule. The Schedule has been prepared for the purpose of fulfilling the Council's reporting obligations under the LG Code. As a result, the Schedule may not be suitable for another purpose.

Other Information

The Council's annual report for the year ended 30 June 2023 includes other information in addition to the Schedule and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements, special purpose financial statements and Special Schedule 'Report on infrastructure assets as at 30 June 2023'.

My opinion on the Schedule does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and the special purpose financial statements.

In connection with my audit of the Schedule, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Schedule or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Councillors' Responsibilities for the Schedule

The Councillors are responsible for the preparation of the Schedule in accordance with the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

In preparing the Schedule, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's Responsibilities for the Audit of the Schedule

My objectives are to:

- obtain reasonable assurance whether the Schedule as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the Schedule.

A description of my responsibilities for the audit of the Schedule is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar8.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited Schedule on any website where it may be presented
- about any other information which may have been hyperlinked to/from the Schedule.

A handwritten signature in black ink, appearing to read 'Somaiya', is written over a faint, light blue rectangular stamp. The signature is fluid and cursive.

Mr John Scarce
General Manager
Murrumbidgee Council
PO Box 96
JERILDERIE NSW 2716

Dear John,

At our recent General Meeting held Tuesday, December 5, 2023, the Jerilderie Independent Living Ltd (JILL) executive made the decision to return to Council Lots 12 and 14 Bunyola Bvd Jerilderie.

At this stage JILL has no intention of building more units and we feel it is prudent to return these gifted blocks of land to Council for repurposing.

We thank you for your most generous contribution to JILL.

Yours sincerely

Board of Directors
Jerilderie Independent Living Ltd.
