# OFFICERS' REPORTS FOR CONSIDERATION

#### ITEM NO: 1 - GENERAL MANAGER'S MONTHLY REPORT

Council Meeting: Report Date: Author: File #:	21 November 2023 12 November 2023 General Manager SC218
File #:	SC218
Approval:	General Manager

#### BACKGROUND

To provide information generally relating to past and future actions of the General Manager, along with specific action items being dealt with.

#### RECOMMENDATION

#### The information contained in the General Manager's monthly report be noted.

#### 1. Farm Gate Recycling and General Waste Collection

Unfortunately this is at a standstill until we receive costs from suppliers of our equipment.

I have written the letters to each rural rates assessment, including a reply paid envelope, allowing the option to post or email their response.

I am not expecting to be bringing this back to Council before February 2024 for a decision.

#### 2. Housing

I have sought proposals from three real estate agents from Griffith.

Once those proposals have been assessed, I will select one agent to represent the sale of the two Darlington Point properties.

I have commenced the tender specifications for the 4 x two bedroom units in Jerilderie, and have progressed discussions with Murrumbidgee Local Health District. We will be signing an agreement to lease within the next month.

There is a Federal funding round focusing on regional precincts. We intend to submit an application for the Darlington Point affordable home ownership, focusing on Young Street subdivision, the long day care centre and critical worker housing.

#### 3. Tidy Towns Award

Council was recently awarded the Communication & Engagement Award at the NSW Tidy Towns Awards (for populations between 1,501 and 5,000) for the Waste to Art initiative. In declaring our Council the state winner, the organisation provided the following summary of the initiative:

"The Waste to Art Competition and Exhibition was an outstanding success in promoting sustainable waste practices through art and design. It was highly effective at challenging attitudes about things that may have otherwise been thrown away. The project was brought to life by collaborating with key organisations and involving waste educators, waste partners, artists and art bodies. It coincided with the overhaul of the way waste was managed in the area. As a flagship communication tool, it positively impacted environmental and waste management education, artistic and cultural excellence and community cohesion. It proved a positive and all-inclusive vehicle to foster change".

This project was a real team effort, and I would like to congratulate the many staff involved.

#### 4. Projects to Mention

I plan to highlight a couple of projects each time I report to Council:

- <u>Civic Hall, Jerilderie</u> Demolition completed, sewer relocated ready for concrete footings.
- Calrose Road Stabilised and ready for sealing in late November 2023.
- Flood Damage Claim Council has formally been awarded \$7.6M in flood damage.
- <u>Channel 9 Road</u> Road works completed.
- <u>Brolga Place</u> Water service main relocated and concrete path completed in front of shops.

- b. arrange for public notice to be given, in the required format, on Council's website, of the Council meeting for presentation of the audited 2022/23 financial statements:
- arrange for the Council's audited financial statements and C. Auditor's reports to be placed on public exhibition; and
- d. list the audited financial statements and Auditor's reports on the agenda for the next available Council meeting for presentation to the public, which allows for the 7 days public notice requirement.

#### BACKGROUND

Council's financial statements are required to be prepared and audited within 4 months after the end of the year concerned, and Council is required to provide a Statement by Councillors and Management under Section 413(2)(c) of the Local Government Act 1993 ('the Act') for its General Purpose and Special Purpose Financial Statements. This statement is on page 3 of both the General Purpose Financial Statements and Special Purpose Financial Statements, which are included as attachments to this report (to be provided under separate cover).

Council has sought from the Office of Local Government, and been granted, an extension of time to 30 November 2023 to lodge its 2022-23 financial statements, in accordance with s 416(2) of the Act. On the advice of our auditors, we have applied for a further extension of time to 15 December 2023.

The reasons for the requested extensions are numerous but predominantly relate to protracted delays in receiving numerous valuations from external valuers and prior year adjustments requiring referral to the NSW Audit Office Technical Committee. Human resource limitations, flooding events, and resource-intense discussions surrounding the control and materiality of the RFS firefighting assets have also contributed to the delays.

At the time of writing, the annual financial statements are in draft form and the external auditors have commenced work on the statements. Work is underway to finalise the infrastructure, property, plant and equipment components of the statements and drafts are expected to be delivered to auditors the week ended 17 November 2023.

Section 418 of the Act requires that, following receipt of the Auditor's Report, Council fix a date for a meeting to present the annual statements (within 35 days of receipt). Council must give seven days public notice of that meeting.

#### **OFFICER COMMENT**

It is proposed that Council's auditors, together with representatives of the NSW Audit Office, will provide a detailed presentation of the financial statements at an extraordinary meeting of Council, with the date to be determined once the Auditor's Reports have been received.

This is page 7 of 47 of the General Manager's Reports as submitted to the Ordinary Meeting\_of\_Murrumbidgee Council held Tuesday 21 November 2023.

R.E. MyRae. Mayor Council has previously resolved that it will not recognise Rural Fire Service red fleet assets, and it is expected that a qualified audit opinion will once again be forthcoming as a result of this. Council staff have once again presented a position paper to Council's auditors which outlines the reasons for this decision, including the fact that Council does not control these assets as required under the Australian Accounting Standards and that, in addition, they are not material.

- ii. Addition to *Delegation to the General Manager* section of "Individuals, groups or organisations must apply in writing to Council to request suspension of the Alcohol Free Zone at least one (1) month before the scheduled event."

#### BACKGROUND

This policy is to promote the positive use of public open spaces and to outline the process for establishing Alcohol-Free Zones (AFZ) within the Murrumbidgee Council Local Government Area.

The draft Policy was presented to Council at the June 2023 Council meeting, and placed on public exhibition for 28 days from Friday 30 June until Friday 28 July 2023, with submissions invited until Friday 28 July 2023. One submission was received during the submission period.

#### **OFFICER COMMENT**

The submission received during the exhibition period was a query regarding how much notice must be given by groups requesting suspension of an Alcohol-Free Zone. In response to this submission, an additional line to the *Delegation to the General Manager* section of the Policy is proposed as follows: "Individuals, groups or organisations must apply in writing to Council to request suspension of the AFZ at least one (1) month before the scheduled event." This change is shown in red in the attached draft Policy.

#### INTRODUCTION

It is with pleasure that I submit, for the consideration of Council, my second Committee Report as Chair of Murrumbidgee's Audit Risk and Improvement Committee (ARIC). ARIC's Terms of Reference require that the Committee report at least annually to the Council on the performance of the Committee.

The Committee is supported by Council's capable and professional Senior Management staff who provide advice on control and operational matters. In particular, this support is provided by: the General Manager, Mr John Scarce and Chief Financial Officer (CFO), Ms Kaitlin Salzke. Administrative support is provided by the Executive Assistant, Ms Julie Conn. Council's capability in financial management continues to improve since the appointment of the CFO mid-way through 2022.

#### **EXTERNAL AUDIT**

tar

#### 2021/22 Audit:

The NSW Audit Office (NSWAO) is Council's external auditor. Crowe Australasia have been contracted by NSWAO to conduct the audit of the General and Special Purpose Financial Statements. The 2021/22 audit was considered by the Committee on 24 October 2022.

This is page 22 of 47 of the General Manager's Reports as submitted to the Ordinary, Meeting of Murrumbidgee Council held Tuesday 21 November 2023.

Mr Brad Bohun (external audit contract provider) attended the October 2022 meeting. He advised that the NSWAO would be issuing a 'qualified audit opinion' for the General Purpose Financial Statements based on the non-recognition of the rural fire fighting assets. The Committee expressed its disappointment at the NSWAO opinion on this matter but the Committee confirmed that it supported Council in its decision not to recognise these assets.

The Committee noted Council's year end financial position, particularly the increase in Council's 'unrestricted cash' position. This issue will be closely analysed at the end of the 2022/23 audit.

The NSWAO audit opinions were issued on 31 October 2022.

The NSWAO 2021/22 'closing report' was received on 27 October 2022. There were two high risk matters identified and details of these were detailed in the NSWAO 'final management letter' that was presented to the Committee at its meeting on 12 December 2022:

Six issues were identified during the 2022/23 audit process. Four matters related to prior years with two new matters identified:

#### (a) Prior Year:

- High risk relating to the non- recognition and disclosure of the valuation of rural fire fighting assets. Council has determined not to recognise these assets as it is of the view that it does not control them. I concur with this view. A qualified audit report is expected for the 2022/23 Financial Statements as this matter is still not resolved despite significant industry and Council advocacy. Many Councils' across the State hold the same opinion as Murrumbidgee regarding this matter.
- High risk Asset remediation provision. Council did not recognise a liability provision for the cost for asset remediation for its landfill and quarry sites.
- Moderate risk -Asset Management System. Recommended that Council integrate all its assets into one system. This is currently being implemented.
- Moderate risk Exception reporting over the creditor and revenue masterfile. • Changes to the creditor and revenue masterfiles should be reviewed and authorised.

#### (b) 2021/22 Issues (New)

- Moderate risk Asset valuation and procedure. Asset classes to be revalued regularly.
- Moderate risk Bank balances relating to Council's Section 355 Committees' were not recognised in the Financial Statements.

The items listed above, which were identified during the 2021/22 annual audit process, will be reviewed by the auditor during the conduct of the 2022/23 audit and will be reported upon at the conclusion of the audit.

#### 2022/23 Audit

The external auditor formally presented the 2022/23 NSWAO Engagement Plan to the Committee at the meeting held on 28 August 2023. This Plan was issued to the Committee 'out of session' on 3 April 2023. It outlined the audit requirements for the annual preparation of the General and Special Purpose Financial Statements.

There were no new items identified during the interim audit for the 2022/23 financial year, therefore there was no 'Interim Management Letter' issued.

#### Status of the 2022/23 Financial Statements:

Council has sought an extension of time for finalisation and submission of the 2022/23 Financial Statements, mainly due to delays in the receipt and collation of asset revaluation data for several classes of assets. The significant flood events of mid to late 2022; the resources applied to endeavouring to resolve the RFS asset valuation matter, as well as limited human resources have also impacted the preparation of the 2022/23 Financial Statements. The Committee will review a draft set of Financial Statements at its meeting on 20 November 2023, with the Council scheduled to consider the final draft in December 2023.

#### **INTERNAL AUDIT**

RSD Audit were contracted to undertake an internal audit into Council's payroll procedures and management practices. The overall objective was to assess and evaluate the effectiveness and efficiency of internal controls embedded within Council's payroll processes to determine any risks relating to employee masterfile management; time and attendance details and payroll processing including: superannuation payments; taxation requirements and adherence to relevant award provisions. The Committee considered the report on 27 February 2023. The audit resulted in five medium and four low risk findings being identified. Management have agreed to address all the recommendations within an achievable time frame. The Committee is monitoring the implementation of these recommendations.

The Committee is currently developing a scope for an internal audit covering Work Health and Safety and Organisational People and Culture. It is anticipated that this review will be conducted during the first half of the 2024 calendar year.

The Chair and management are reviewing the risk register to ascertain any identified high risks to assist in determining the best use of Council's internal audit resources (physical and financial) to inform the development of a Strategic Internal Audit Plan (SIAP).

#### OTHER MATTERS

The Committee continues to mature. It is robust and continually seeks improvement opportunities to ensure that it is kept informed of risks that Council is facing. To achieve this outcome, management provided regular reports and updates during the reporting period on the following:

- Budget Review and Finance Reports
- Annual Budget and other Community Plans
- Risk Management
- WHS matters
- Accounting issues such as 'position papers' for the NSWAO to make technical determinations regarding Council's position on various matters such as valuations; asset remediation provisions; interest on unspent government grants; materiality assessment; control of RFS assets; water billing cycles and Section 355 Committees'
- Relevant Council Policies were considered, such as:
  - IT and Cyber Policies;
  - Council Financial Reserves Policy; and the
  - Revised Fraud and Corruption Policy.
- Information Technology including the IT framework; status of current systems; implementation of new systems (such as the asset management system) and security issues updates including the security testing regime
- Status of matters affecting the Financial Statements (eg asset valuations)
- Status of the implementation of outstanding external and internal audit recommendations
- Correspondence from NSWAO and Members of Parliament and the Office of Local Government
- Issues relating to the Local Government sector
- Section 355 Committees the Committee received a presentation from the Director Planning Community and Development, Mr Garry Stoll, regarding Council's position in relation to such Committees. The Committee again expressed its concern at the WH and S risks that Council could be exposed to resulting from the work of these Committees.
- The Committee's ongoing workplan is subject to review at each meeting to ensure that it is dynamic and assists in achieving the Committee's required outcomes.

#### 2024 OUTLOOK

car

The Committee will continue its internal audit program with the conduct of at least one internal audit review prior to the end of June 2024. Work will continue regarding the non-recognition of rural fire fighting assets. Any outstanding asset valuation issues will be monitored. Regular meetings will be conducted with the

..Mayor

External Auditor in relation to the follow up of the 2022/23 Financial Audit and the preparation of the 2023/24 Financial Statements.

A revised 'procurement policy and manual' is currently being developed to assist Council in ensuring that any potential risks are mitigated and to streamline purchasing processes.

Council is aware that it needs to improve the required IP&R documentation, including a long term financial plan. The Committee will review such documents.

The outcome of any NSWAO Local Government Audit Reports will be considered to determine if any of the recommendations made are relevant to the Council.

#### CONCLUSION

The Committee will continue to work with management to ensure that adequate control frameworks are in place so that Council can operate within an environment that identifies and mitigate risks.

On behalf of Committee members, I would like to express my thanks to management and Auditors for their significant contribution to the Committee's operations.

I also thank all Senior Management and other staff involved for their ongoing support and professional advice that ensures that the Committee achieves its objectives and continuous improvement outcomes.

I thank all my fellow ARIC Committee Members, (Mayor; Councillors and the External Member) for their participation, diligence, professionalism and contribution throughout the year. I look forward to the continuation of a very strong working relationship with the Council and staff during the 2024 year.

I commend this Audit Risk and Improvement Committee Report to the Council.
