#### ITEM NO. 1 - MAYORAL REPORT

Council Meeting: 28 April 2020 Report Date: 20 April 2020

Author: Mayor File #: SC217 Approval: Mayor

5 weeks is such a short time in our lives, but the change impact in this short time has been truly unimaginable.

Life, as we have become accustomed to, certainly has barriers and restrictions that are challenging to say the least.

While we are all intelligent and well educated human beings, nobody could have prepared us for what has now become not only a reality but a necessity if we are to keep our communities safe.

The brave new world of technology driven interaction for some of us is an eye opener -thank God for Julie's patient and informed guidance.

We only have to look at our fellow humans on a global scale to realise we are managing well, but now is not the time to become complacent. Vigilance will ensure our good health and well being.

And so to all of you - our staff, our Councillors and every one of our community members - I commend you on stepping up to the mark, for working hard to ensure our essential services are being delivered, to adopting the "Village" model of looking out for our most vulnerable and for working hard so that our valuable Council remains sustainable well into the future.

It is challenging and there are some significant hurdles, but if we can work well as a team which looks out for each other, we will prevail.

I feel we have been left with no option but to cancel the 2020 Monash Dinner, and I seek the support of Council for this decision.

Below are a list of webinars and teleconferences I have linked into during the last month.

# ITEMS FOR DECISION

#### ITEM NO. 2 - GENERAL MANAGER'S MONTHLY REPORT

Council Meeting: 28 April 2020 Report Date: 20 April 2020 Author: General Manager

File #: SC218

Approval: General Manager

# **BACKGROUND**

To provide information generally relating to past and future actions of the General Manager, along with specific action items being dealt with.

# **RECOMMENDATION**

That raw water restrictions for Jerilderie township be as detailed below:

# **Residential Properties**

 Watering times 7am to 11am and 4pm to 7pm daily - use of automated systems or hoses with timers (timers cannot be set to exceed 120 minutes) or hand held hoses only.

# **Commercial/Council Properties Watering Times**

- For lawn or garden 11pm to 7am daily use of automated systems only.
- For lawn or garden 7am to 9am daily hand held or hoses with timers (timers cannot be set to exceed 120 minutes) only.

# **OFFICER COMMENT**

# 1. COVID – 19

Attached is the latest version of the COVID 19 action plan.

We have continued to develop other documents in support of the COVID 19 action plan, specifically for staff, some of which are still under development.

We are constantly monitoring messages from the State and Federal Governments as our triggers to make any further changes.

The system of working remotely is performing adequately, a few teething issues upon commencement, but very few issues since.

This is page 6 of 99 of the General	al Manager's Reports as submitted to the Ordinary
Meeting of Murrumbidgee Counc	cil held Tuesday 28 April 2020.

...General Manager

We are compiling lists of works that can be undertaken at this time, which will enable Council to be shovel ready when stimulus packages inevitably are released. These works also provide useful tasks for some employees whose job does not readily translate to working from home.

The Local Government (COVID-19) Splinter (Interim) Award 2020 has been set into law by the Industrial Relations Commission. Let's hope we do not have to enact its provisions of standing down employees.

# 2. Projects

Coleambally Sports Precinct – has been advertised. It will be presented to the June Council meeting to award the tenders. I have very little else to update that was not included in the email brief two weeks ago.

# 3. Young Street Subdivision

Following the March Council meeting, I have incorporated the changes to the subdivision design, removing lots 1 to 5 and replacing with 2 north/south facing lots and some parkland. Once the plan is returned to me, we will commence the construction design work.

# 4. Organisational Structure Review

With the inability to properly consult with staff, this has been postponed for a minimum of 6 months. I have heard a lot of feedback from Councillors and some staff via the Consultative Committee which I have taken on board. As such I will continue to refine the body of work already started.

Any comments are welcome about how you see the structure, it does not have to be relating to anything I have already produced, but comments and observations, for example asking question such as why we do this function or why does it report to that manager, are good as they can assist to shape the structure.

# 5. Reducing the number of Councillors

It was mentioned at the February Strategic Workshop an outcome was to look at reducing the number of Ward Councillors from 3 to 2. With the Council election being postponed until 2021, I took the opportunity to look at the legislation.

Local Government Act 1993

224A Approval to reduce number of councillors

(9) A council for an area that is divided into wards may not make an application under this section for a decrease in the number of councillors that would result in the number of councillors for each ward being fewer than 3.

This is page 7 of 99 of the Genera	l Manager's Reports as submitted to the Ordinary
Meeting of Murrumbidgee Counci	I held Tuesday 28 April 2020.
7////	0 / 110

.....General Manager K. K. M. Mayor

This clause precludes the reduction in number of Murrumbidgee Councillors, as representation per Ward must be no less than 3 Councillors.

# 6. Jerilderie Raw Water Restrictions

To date Jerilderie township has used 431.361 ML from our 500 ML allocation.

We did not claw back any water in March, we actually used 1.5 ML more this year in comparison to 2019.

On current trend, we are set to use 518.944 ML of our 500 ML allocation.

This means we are in a worse situation than last year by 9 ML.

Our should always be the 500 ML allocation, which is very generous, per person, estimate 1000 population in Jerilderie, so 500,000 litres per person per annum.

The average Australian water use per person is 124,100 litres, coastal and inland.

The usage for inland dry area is 800 litres a day per person which is 292,000 litres per person per year. We are tracking at 518,000 litres per person per year. (Av. Stats from Riverina Water Website).

- April 2019, we used 55.302 ML
- May 2019, we used 18.794 ML
- June 2019, we used 13.487 ML

We need to save 22% of the water used last year during April, May and June to be at 500 ML, a tall order.

As such, I am proposing the following changes to the raw water supply restrictions for the township of Jerilderie.

#### Jerilderie Raw Water Restrictions

#### Residential Properties

Watering times 7am to 11am and 4pm to 7pm daily - use of automated systems or hoses with timers (timers cannot be set to exceed 120 minutes) or hand held hoses only.

Commercial/Council Properties Watering Times

For lawn or garden 11pm to 7am daily - use of automated systems only.

For lawn or garden 7am to 9am daily - hand held or hoses with timers (timers cannot be set to exceed 120 minutes) only.

#### ITEM NO. 3 - MODEL CODE OF MEETING PRACTICE

Council Meeting: 26 April 2020 Report Date: 15 April 2020 Author: General Manager

File #: SC49

Approval: General Manager

#### **EXECUTIVE SUMMARY**

Amendments made to the *Local Government Act 1993* (LGA) in August 2016 by the *Local Government Amendment (Governance and Planning) Act 2016* (the Phase 1 amendments) provide for a Model Code of Meeting Practice (Model Meeting Code) to be prescribed by the Regulation.

Following an extensive consultation process, a Model Meeting Code has been prescribed under the *Local Government (General) Regulation 2005* (the Regulation) and the existing meetings provisions of the Regulation have been repealed.

Council and Committees of Council, of which all the members are Councillors, must conduct their meetings in accordance with the Code of Meeting Practice adopted by Council.

#### RECOMMENDATION

The Murrumbidgee Council draft Model Code of Meeting Practice, as presented to today's meeting, be adopted by Council, with amendment to Clause 3.9 to read:

3.9 A Councillor may give notice of any business they wish to be considered by the Council at its next ordinary meeting by way of a notice of motion. To be included on the agenda of the meeting, the notice of motion must be in writing and must be submitted 5 business days before the meeting is to be held.

# **BACKGROUND**

# **Key Points**

- Under the transitional provisions of the Local Government Act 1993, Councils
  must adopt a Code of Meeting Practice that incorporates the mandatory
  provisions of the Model Meeting Code no later than 12 months after the next
  ordinary elections.
- Until a Council adopts a new Code Of Meeting Practice, its existing Code Of Meeting Practice will remain in force up until six months from the date on which the new Model Meeting Code was prescribed, (14 December 2018 – 14 June

- **2019**). If a Council fails to adopt a new Code of Meeting Practice within this period, under transitional provisions contained in the Regulation and the Local Government Act, any provision of the Council's adopted Meeting Code that is inconsistent with a mandatory provision of the Model Meeting Code prescribed under the Regulation will automatically cease to have any effect to the extent that it is inconsistent with the mandatory provision of the Model Meeting Code.
- Before adopting a new Code of Meeting Practice, under Section 361 of the LGA, Councils are required to exhibit a draft of the Code of Meeting Practice for at least 28 days and provide members of the community at least 42 days in which to comment on the draft Code.

#### OFFICER COMMENT

Following consultation with Councillors, the Murrumbidgee Council draft Code of Meeting Practice was tabled before Council at its meeting of 25 February 2020. All prior submissions from Councillors were considered in the final version as presented to the February meeting.

The Murrumbidgee Council draft Code of Meeting Practice, with additional amendments as instructed from the February Council meeting, was endorsed by Council and placed on public exhibition for 28 days, with community members provided 42 days in which to comment on the draft Code.

Submissions closed at 5.00pm on Tuesday 14 April 2020, with no submissions received.

I would like to propose a minor change to clause 3.9 of the draft Code:

# Giving notice of business to be considered at council meetings

3.9 A councillor may give notice of any business they wish to be considered by the Council at its next ordinary meeting by way of a notice of motion. To be included on the agenda of the meeting, the notice of motion must be in writing and must be submitted 3 business days before the meeting is to be held.

amending the clause to state that notice of motion must be in writing and must be submitted 5 business days before the meeting is to be held.

This means the notice of motion would need to be submitted by close of business on the Monday of the week prior to the Council meeting.

The submission of a notice of motion by close of business Wednesday could miss inclusion on the meeting agenda. Earlier submission also allows staff an opportunity to review the notice of motion and, if necessary, prepare a report in relation to the notice of motion for inclusion with the business papers for the meeting at which the notice of motion is to be considered by the Council (clause

3.11). Dependant on the complexity of the matter, this may not always be possible, and this is allowed for in clause 3.12 (b) of the model code.

# ITEM NO. 4 – QUARTERLY BUDGET REVIEW – MARCH 2020

Council Meeting: 28 April 2020
Report Date: 13 April 2020
Author: Finance Manager

File #: SC133

Approval: General Manger

#### **EXECUTIVE SUMMARY**

Attached is the Quarterly Budget Review for the period to 31 March 2020, including a statement of financial performance, a proposed balance sheet, a statement of cash flows for each Fund, an income and expenditure statement by function, a forecast capital budget review by function and a variation report.

Included also are a budget review of the cash and investment position, a budget review of key performance indicators, a budget review of contract and other expenses and a budget review of consultancy and legal expenses as required by the updated Code of Accounting Practice and Financial Reporting in accordance with clause 203(3) of the Regulations.

#### RECOMMENDATION

That the Quarterly Budget Review Report be noted and variances to the budgets, as outlined in the attachment, be approved.

# **BACKGROUND**

The Statement of Financial Performance indicates a surplus from ordinary activities of \$6,903,964 compared to the previous estimate surplus amount of \$6,419,527. With the exclusion of capital grants income, the Statement of Financial Performance indicates a deficit of \$1,939,552.

This variation results substantially as a result of additional grant funding to be received.

The forecast Statement of Cash Flows for the General Fund indicates a decrease of cash held of \$16,947,482, a further decrease of \$93,806 from the previous estimate.

This variation results substantially from the increased cost of plant purchases.

The Sewer Fund cash flow indicates a decrease in funds held of \$539,574, being unchanged from the previous estimate.

	I Manager's Reports as submitted to the
Ordinary Meeting of Murrumbidgee Co	uncil held Tuesday 28 April 2020.
	O C MID

General Manager

The Water Fund cash flow indicates a reduction of cash in the amount of \$344,492, also unchanged from the previous estimate.

# **OFFICER COMMENT**

It is my opinion that the Quarterly Budget Review Statement for Murrumbidgee Council for the quarter ended 31 March 2020 indicates that Council's projected financial position at 30 June 2020 will be satisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.

#### STATUTORY COMPLIANCE/POLICY

Made in accordance with Clause 203(2) of the Local Government (General) Regulations 2005.

#### **FINANCIAL**

The full list of the variances to the budgeted figures can be viewed at pages 27-28 of the attachment.

Provision has been made to transfer \$50,232 from the infrastructure reserve for Council's contribution toward the Darlington Point Levee upgrade works, and an additional \$84,620 from the Plant Replacement Reserve.

Additional contributions income of \$7,100 will be transferred to the Development Contributions Levy Reserve.

#### **INTEGRATED PLANS**

The above report addresses the current Operational Plan, together with variances noted therein.

#### **RISK MANAGEMENT**

It is quite likely that a number of projects within the Stronger Communities Fund may not be completed prior to financial year end.

# ITEM NO. 5 – REQUEST FOR ASSISTANCE – HILLTOP ACCOMMODATION CENTRE

Council Meeting: 28 April 2020 Report Date: 16 April 2020 Author: Finance Manager

File #: CY10-002

Approval: General Manager

#### **EXECUTIVE SUMMARY**

The Hilltop Accommodation Centre has written to Council requesting assistance in providing funding for equipment and furnishing of Stage 2 of the cancer accommodation centre currently under construction.

#### RECOMMENDATION

That Council determine if it wishes to provide a contribution toward the Hilltop Accommodation Centre Stage 2 development.

#### **BACKGROUND**

In 2012, the Hilltop Accommodation Centre was opened to the public in order to provide suitable low cost accommodation for those undertaking cancer treatments at the Albury Wodonga Regional Cancer Centre.

At the time, considerable donations were provided by the Jerilderie community toward the project, as a result of significant fundraising projects auspiced by the local Lions Club and various other fundraising committees.

Stage 2 of the accommodation project has now commenced at a cost of \$3.8m and has been funded in part by the Federal Government's Building Better Regions Fund, together with the Fight Cancer Foundation contribution.

The Hilltop Accommodation Centre is now seeking community support in the amount of approximately \$1m, to complete the building project and to provide furnishings and equipment.

Stage 2 will provide some 10 accommodation suites, lounge/library, gymnasium, guest laundries and new reception areas and administration offices, and it is expected that the building will be complete by August 2020.

The Accommodation Centre provides low cost accommodation for patients and their families from some 31 Local Government areas in Victoria and NSW. Over the last 23 months, some 2,328 bed nights have been provided for Murrumbidgee Council residents receiving treatment at the Regional Cancer Centre.

#### ITEM NO. 6 - COVID-19 HARDSHIP POLICY

Council Meeting: 28 April 2020
Report Date: 20 April 2020
Author: Finance Manager
File #: SC49; SC271
Approval: General Manager

# **EXECUTIVE SUMMARY**

COVID-19 was declared a global pandemic on 11 March 2020 and, with the enforced closure of many businesses since this time, recognition of the economic impacts upon businesses and individuals across the Council area is essential.

#### RECOMMENDATION

That Council adopt the Draft COVID-19 Financial Hardship Policy and endorse the retrospective waiving of interest charges on outstanding rates and charges from 1 April 2020.

#### **BACKGROUND**

With the almost immediate economic impact that has been assumed by our residents since the declaration of the global pandemic, and the subsequent requirements for social distancing and isolation, it is essential that we recognise the severe financial stresses being imposed upon our ratepayers.

The draft COVID-19 Financial Hardship Policy recognises the immediate actions Council can take to ease the burden of financial hardship on ratepayers and residents at this time.

#### OFFICER COMMENT

With rates and annual charges accounting for some 35% of annual income, Council will be required to carefully assess it's future responses to the pandemic. With Council officers currently updating land values as a result of the recent revaluation, there will be considerable assessment of the rating scenarios being undertaken.

The rate peg amount for the 1920/21 financial year has been evaluated by IPART as 2.6%, and this is recognised as the total amount of General Fund rates Council may impose.

Council may wish to assess the impact of the rate pegging with the budget considerations to be undertaken during the next month.

It is also important to encourage ratepayers, where possible, to continue to make payments in order that Council toocan continue to provide essential services.

#### **FINANCIAL**

Deferral of rates, fees and charges will impact upon cash flow and also impact on the outstanding debt ratios at financial year end.

The immediate impact upon the receipt of penalty interest charges is expected to be up to \$10,000 for the current financial year.

Long term effects remain difficult to predict with the unknown time factor for enforcement of isolation and distancing requirements.

# ITEM NO. 7 - DRAFT PLAN OF MANAGEMENT, ELLIOTT PARK, JERILDERIE

Council Meeting: 28 April 2020 Report Date: 15 April 2020

Author: Consultant Town Planner

File #: SC119

Approval: General Manager

#### **EXECUTIVE SUMMARY**

The purpose of this report is to seek Council endorsement to exhibit the draft Plan of Management for Elliott Park (set out in attachment # 7) and provide a follow up on the report presented to Council on 23 February 2020 regarding the initial categorisation of Crown land.

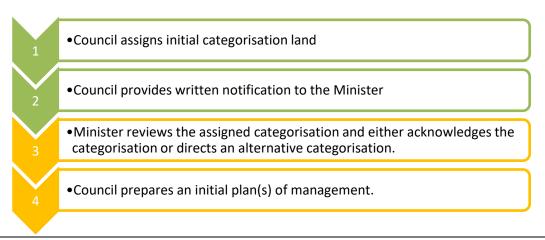

# RECOMMENDATION

Murrumbidgee Council endorse the draft Plan of Management for Elliott Park to enable it to proceed to public exhibition.

#### **OFFICER COMMENT**

Under the provisions of Part 2 of the Local Government Act,1993, all land vested with Murrumbidgee Council (with the exception of a road or land to which the Crown Land Management (CLM) Act applies) is classified as either *community* or *operational*.

As advised in the report to the Council Meeting on 25 February 2020, Council is obligated to assign one or more community land categories to Crown land, which align with those categories in Section 36 of the Local Government Act, 1993 (LG Act) and ultimately prepare a Plan of Management (PoM) for that land. The following shows the process:

This is page 26 of 99 of the General Manager's Reports as submitted to the Ordinary, Meeting of Murrumbidgee Council held Tuesday 28 April 2020.

General Manager R. K. M. Mayor

# On 25 February 2020 Council resolved:

That the Categorisation of Crown Land Report and attachments be noted, with inclusion of the following:

- Sawmill site at Darlington Point and other land in the vicinity;
- Caravan Park, Darlington Point general community use;
- Maintenance of The Willows, Post & Telegraph Office and Jerilderie Court House by Crown Lands Department;
- Darlington Point Common

With regard to points 1, 2 and 3, these matters were forwarded to Crown Land for their comment. They advised that the sawmill site is managed by the National Parks & Wildlife Service (NPWS). They also advised that The Willows etc is best maintained at local Council level and this matter has not been further investigated.

With regard to the Darlington Point Caravan Park, an amendment to the categorisation was made, specifically to increase the general community use area component. Minor changes were also made to the proposed park and general community use boundaries within Elliott Park – again to increase the size of the general community use to align with the area once occupied by the former tennis courts.

The initial categorisation was sent to Crown Lands for Ministerial acknowledgement on 11 March 2020. In subsequent discussions with Crown Lands they advised that they are progressing a number of proposals and were unable to provide a timeframe for response.

It should be emphasised that the directions from Crown Lands regarding the initial categorisation of land managed by Murrumbidgee Council does not provide scope to change community land to operational land, other than when it is obvious. Further the initial categorisation must also, in the absence of a Plan of Management, be the best fit based on current use of the land.

Upon the categorisation being acknowledged, or a direction given for an alternative category, Council moves into the stages of prepare an initial Plan of Management – either site specific plans or generic plans. This report presents the draft Plan of Management for Elliott Park as set out in attachment # 7 which has been prepared to facilitate the childcare centre development proceeding. It must be noted that the PoM has been done without acknowledgment or direction by the Minister. The risk associated with the preparation of the PoM is minimal and, if not acknowledged, will mean a public hearing will have to be conducted. If, however, the Minister acknowledges the category, Council may proceed to public notification without a public hearing.

General Manager

#### STATUTORY COMPLIANCE/POLICY

Murrumbidgee Council's role, as a Crown Land Manager under the provisions of the CLM Act, is to ensure that land resources are to be shared equitably in accordance with the principles of environmental protection, conservation and ecological sustainability, public use and enjoyment as well as encouraging multiple use of land. These obligations include identifying and assigning the most appropriate categorisation to reserves which Council manages and prepare either a generic or a site-specific plan of management for the land.

#### **FINANCIAL**

The current project has no immediate financial implications for Council.

It is important to note that should the Minister not endorse the *general community* use of Elliott Park it will delay, or potentially prevent, the proposed childcare centre development.

#### INTEGRATED PLANS

# Community Strategic Plan

# Community

 Creating community opportunities and equitable access to Council and community services and programs

Ultimately the development of PoM's for Crown land, including undertaking community consultation through public exhibition or, where required, a public hearing, will lead to public land being managed in a transparent manner to meet the needs of the community.

#### Environment

Maintaining a balance between growth, development and environmental protection

The fundamental purpose of the initial categorisation of the land and the subsequent Plan(s) of Management is to set the parameters that balance growth, development and environmental protection of community land.

#### **RISK MANAGEMENT**

Provided that the legislative requirements specified in the CLM Act and the LG Act and associated regulations are followed, there are no foreseeable risks.

#### Financial Report

Anthony tabled the financial report for 2019, showing WRA in a stable position. Due to the accrual entry of the operating grant, the P&L showed the 2020 grant as income in 2019, which was the time it was invoiced but not paid. This effectively doubled up the income in that year according to the P&L. Therefore, all financials for 2019 should be reviewed without this figure. He recommended this be moved as a financial entry to 2020 at the date that it was paid, not invoiced, in order for the correct allocation of that grant to reflect operations in 2020. With that figure removed, the P&L showed a surplus of \$6,625.55. The total funds at bank as at 31st December 2019 were \$75,048.58.

Anthony Morton moved that the financials be accepted on the basis that the operating grant figure of \$140,000 be moved as a financial entry to 2020, at the date it was paid.

#### From the Chair

As I reflect on another year as the Chair of Western Riverina Arts, I am exceptionally proud of and grateful for the amazing artists, artisans and arts workers that live and work in our region. It is both our role and our privilege as a board to support and promote these wonderful individuals who add so much to the quality of life where we live and work. At this time in particular our mantra of "Connecting Creative Communities" has never been more important and its implementation never more critical.

Since our last AGM we have experienced many changes. Our staff has changed with Communications transferring from Miriam to Lyllardia and now being very capably handled by Camille in Lyllardia's absence. Our Director has also changed with Derek Motion leaving us to pursue other opportunities and being replaced by the very capable and dynamic Aanya Whitehead. Not only have we moved premises to our wonderful new home in the Art Deco Water Conservation and Irrigation Building in Leeton but we have the privilege of being there to witness its development into a major arts and cultural centre for the region. And of course most of all and increasingly evident we are now operating in uncharted waters due to COVID-19 and the changes that it has wrought in everyone's lives.

Aside from organisational and virus generated change the last year has seen a number of major initiatives for WRA in particular the introduction of WRA's Artist of the Month Feature, working to establish an Artist Network, promoting an Artist on Line Initiative and implementing the Riverina Lectures – the first featuring Vic McEwan Live from the TATE in Liverpool. As an organisation we have also been heavily involved in and actively promoting arts and cultural initiatives across the region.

It is the nature of working in and with the arts many projects take a considerable amount of time to deliver. This has meant that our team have put a lot of effort into promoting and developing ideas that will either not now come to fruition, occur on a different and much longer timetable or morph into something different altogether. I would like to take this opportunity to thank the Western Riverina Arts staff for their flexibility and resilience and for the optimism and positivity with which they have approached each new challenge. Your support for the arts and our regional arts community is the essence of what Western Riverina Arts aims to be. We don't yet know what the future will look like but we do know that our organisation can play and important part in it.

Sue Killham

#### ITEM NO. 9 - WESTERN RIVERINA ARTS GENERAL MEETING

Council Meeting: 28 April 2020 Report Date: 20 April 2020

Author: Western Riverina Arts

File #: SC199

Approval: Cr Faith Bryce, Delegate

# Minutes of Board Meeting

Held on Monday 20<sup>th</sup> April 2020 Held at 11:40am

via Zoom application – remote locations

OPERATING UNDER THE PROTOCOLS OF COVID-19 NATIONAL JURISDICTIONAL RESPONSE

Board Meeting opened: 11:40am by Susan Killham, Chair

Board attendees: Susan Killham, Chair and Narrendera Shire Council Representative. Julie Briggs, Vice Chair and Narrandera Community Representative. Anthony Morton, Treasurer and Griffith Co-opted Member. Faith Bryce, Murrumbidgee Shire Council Representative. Melanie Toscan, Murrumbidgee Community Representative. Oumi Karenga-Hewitt, Griffith Community Representative.

**Board apologies:** Councillor Anne Napoli, Griffith City Council Representative. Suesann Vos, Leeton Shire Council Representative. (both were restricted by the technical ability to connect with the meeting through Zoom).

Other attendees: Aanya Whitehead, Executive Director, Western Riverina Arts Inc. (AW).

#### 1. Welcome and Declaration:

At the AGM directly preceding this General Meeting, both a welcome to meeting members present, and Acknowledgement of Country were given by the Chair, Susan Killham.

- 1a. Declaration: Chair asked all members of the Board whether they had a Declaration of Interest. There were no Declarations of Interest.
- 2. Minutes of previous meeting: The Minutes from the previous General Meeting, held at 6pm on Thursday 30th January at the Western Riverina Offices, were tabled by Chair and asked if they be accepted. It was moved that the Minutes be accepted, no alterations made.

Moved: Oumi Karenga-Hewitt Seconded: Melanie Toscan.

Chair moved meeting to Agenda 3.

This is page 39 of 99 of the General Manager's Reports as submitted to the Ordinary Meeting of Murrumbidgee Council held Tuesday 28 April 2020.

General Manager R. K. M. Mayor

The Chair invited Aanya Whitehead, Executive Director, to present the RADO Report.

3. Regional Arts Executive Director Report (aka RADO Report): AW presented and read a tabled report dated 17th April 2020. This covered the activities and focus of the previous two months at Western Riverina Arts (report attached). Initiatives, governance, funding and administrative areas were outlined.

Discussion arising:

- \* Griffith Bushfire Benefit Concert: Julie Briggs asked about sponsorship that the ED has sought and obtained for the concert. AW explained that the whole concert was run by volunteers, and AW had sought sponsorship and support for lighting, staging, fencing, generators and general facilities. Cr Anne Napoli also volunteered on the day and noted the volunteer work of the whole team, being staff from Council, musicians and others and how excited and full of goodwill everyone was. AW had recorded the concert for WRA and this will go up as a ten minute video on WRA's Youtube channel and SM platform.
- \* Implementation of Administrative Systems: AW explained that since the last meeting, payroll was being done internally directly through MYOB and also the bookkeeping was being directly inputted straight to the MYOB database by the ED rather than a three –step administrative process. The Books and Source Documents pertaining to them were filed immediately ready for audit, and available at all times. A financial reconciliation and Cost Report is done monthly and any financial documents can be viewed at any time and able to reflect the state of the organisation on a month by month basis. AW showed these files to the Board. Anthony Morton, Sue Killham and Julie Briggs noted that it was a system that would be beneficial to the organisation for its transparency and will help the Accountant. \* Extension of Car Lease: Other administrative responsibilities were also being dealt with from 2019, one being the Car Lease. The extension of the lease in Nov of the
- with from 2019, one being the Car Lease. The extension of the lease in Nov of the previous year had come with much higher charges, and a new car has been ordered. This is a much cheaper lease and a diesel car so the fuel will be less as well, but the savings for this won't be seen for about a year because of the lease extension.

Chair asked that the RADO Report be accepted.

Moved: Julie Briggs Seconded: Melanie Toscan.

Chair moved meeting to Agenda 4.

4. Chairperson's Report: Sue Killham, Chair, presented the Chairperson's Report that focussed on COVID-19 and the work the staff had done in order to continue to support the arts during the crisis.

Chair asked that the Chair Report be accepted.

Moved: Cr Anne Napolie Seconded: Julie Briggs

No discussion points were arising.

Chair moved meeting to Agenda 5.

This is page 40 of 99 of the General Manager's Reports as submitted to the Ordinary, Meeting of Murrumbidgee Council held Tuesday 28 April 2020.

..General Manager R. K. MYKae

Correspondence: A detailed dot point list of 46 correspondence headers was presented to the Board via the Meeting Agenda. This correspondence was received via email, not in relation to internal business or internal funding . All correspondence listed was replied to. Email trails available.

#### Discussion arising:

- \* Detail available: ED said detail of correspondence can be provided on any of the email trails
- Melanie Toscan said that if anything was pertinent to the Council Reps or Board members directly that they be notified, and that this correspondence can be sent to them on request if they felt it relevant.

Chair asked that the Correspondence be accepted.

Moved: Julie Briggs Seconded: Oumi Karenga-Hewitt

Chair moved meeting to Agenda 6.

Financial Report: Anthony Morton, Treasurer, read through the Financials as at the period Jan-Mar 2020, which was compared to the previous year in the same period.

Treasurer explained that the \$140,000 Create NSW operating grant income was to be moved as an entry in the Financials (per the AGM discussion) and shown in the 2020 period. This would then accurately reflect the appropriate surplus for this period. He noted that The Financials were on par with expenditure from last year, although up in some areas like wages and the cross-over of the car lease. He noted also that this will not show a reduction because of the added costs of lease extension and changeover per the ED report. Sue Killham noted that actual motor vehicle running costs were down. Treasurer also explained the release of the original Term Deposit, and a reinvestment of \$50,000 into back into the Term Deposit Account on 3rd April 2020.

Bank balances as at 20th April 2020. Bank Balance: WRA Debit Card Account \$289.55, WRA Operating Account \$120,845.60. Term Deposit: \$50,000. Total at bank as at 20th April 2020 is \$171,135.15.

#### Discussion arising:

 2020 Budget: This needed to be completed and inputted and presented at next Board Meeting with the financials, and the financials measured against the Budget rather than the previous year. ED advised that a budget has been done and could be tabled. However, generally it was agreed by the members of the meeting that the budget would need discussion with officers. Treasurer asked that it be finalised internally and presented at next Board Meeting.

Treasurer moved that P&L for the period January to March 2020 be accepted.

Moved: Anthony Morton Seconded: Julie Briggs.

#### General Business

Aanya Whitehead asked the Board whether she could bring into the meeting Camille Whitehead, Communications Officer. Board agreed. Camille attended the meeting online as per the rest of the members present.

Sue Killham introduced and welcomed Camille to the meeting. Aanya Whitehead invited Camille to present a Communications Report to the meeting.

Camille Whitehead presented a detailed overview of Communications for the period January through to March and into April 2020. She outlined the focus areas, what projects were pursued with partner organisations and in-house. She outlined the connectivity both with online platforms and directly with Western Riverina Arts and presented statistics on social media platforms.

#### Discussion arising:

- \* Online Platforms: Discussion on various online platforms and social media tools. Particular contribution by Melanie Toscan and Oumi Karenga-Hewitt who invited Camille to use them as an extra resource, both are marketing professionals and happy to support Communications and Camille in her work.
- \* Micro-Grants: ED gave an explanation of the proposed Micro-Grant initiative that is currently being prepared to go to Elizabeth Rogers for the new funding pools. Julie Briggs and Sue Killham noted how valuable this initiative would be if it could get up and running, all Board Members present agreed and commented.
- \* Growing Activity: Sue Killham congratulated the staff at WRA, and commented on how much WRA's activity has grown and that its profile was far more present in the Community and Online.

Sue Killham thanked all present for the meeting and congratulated and thanked the newly elected Board. She asked that ED provide action items for the next meeting.

- Action Items for next meeting: Will be forwarded by ED
- Next meeting: Next GM will be set for June 2020, via Zoom.

Meeting close: 1:05pm

#### Chairperson's Report

I believed when writing my last report that I would probably never have to write another expressing where we were as an organisation in a period of such profound change. I may have been correct when reflecting on our own operational circumstances at that time however I had no map or crystal ball to show me that the work itself, everything that we do and the way that we do it would have to change so quickly. Fortunately for us our new Director, has proved to be a skilled navigator through these turbulent and ever changing seas.

Covid-19 has made a great difference to the way in which Western Riverina Arts operates. Instead of heading out to work with local artists, arts workers and venues we are now reaching out and providing not only opportunities and promotion but also support, information and advocacy to an arts sector that has been decimated by the absolute necessity of this shutdown. Artists and artisans often fall through the cracks and are forgotten in the big financial picture while still being called upon to lift, lighten, inspire and represent the spirit of difficult times.

Our role at WRA is to support arts development in this region which is a difficult brief at this time however our team have been doing an outstanding job in this area. Aanya and Camille, have worked diligently to provide information on funding, to highlight ongoing projects and to support new and creative forms of involvement for artists and the wider community. I thank them sincerely for all of their hard work.

Although our doors are shut and Camille is now working from home we are definitely still open for business!

# REPORT – Regional Arts Executive Director Dated 17th April 2020

#### Acknowledgment and warm Thankyou

First, I acknowledge that this land is Wiradjuri, and pay my respect to Custodians, past, present and future. Second, I wish to thank the Western Riverina Arts Board for continuing to support me through these extraordinary times that no-one could have predicted in their wildest dreams.

#### February and March 2020

Coming out of the drought, Covid-19 hit us in the middle of March. From that time onwards, nothing has been straightforward and there has been a continuing effort to adapt and repurpose Western Riverina Arts to the Community. First of all, our internal arrangements changed where the Communications Officer now works remotely from home, and I continue to work out of the office as I can social distance and it is not open to the public anymore. The office deals exclusive with remote communication in its dealings with the public.

Regardless, throughout February and March, Western Riverina Arts was active in several main objective areas that addressed all demographics across the Creative Community in our region:

- Online, SM and traditional media platforms promotion of artists, initiatives, venues and events throughout the region
- Continuation of essential administrative and governance duties associated with what was needing to be finalized from 2019.
- Putting in place administrative systems to complete essential governance requirements.
- Development and Initiation of projects both internal and external that would be of benefit to the region.
- Networking with the Creative Community to ascertain needs and funding support for various sectors.
- · Partnering on funding applications for projects in the region.
- Attended NSW Network Meeting for Regional Arts NSW, invited was Create NSW. It
  was expressed in this meeting by both organisations that the RADO network was a
  huge community asset across the State able to respond quickly and deeply to its own
  community with rapidity and sensitivity in times of crises. This was said in the context
  of the Bushfire crisis.

#### Priority areas dealt with:

- Final 2018 Audit completed and filed.
- Receipt of Operating Grant, repayments and adjustments of accounts outstanding.

# REPORT – Regional Arts Executive Director Dated 17th April 2020

- Renewed vehicle with a less expensive lease, to be delivered in July 2020. This has been pushed back from delivery in May because of Covid-19.
- Attended Network Meeting with Regional Arts NSW and Create NSW in February 2020
- Term Deposit restructured
- Consistent Payroll system set up and operating.
- MYOB bookkeeping data updated weekly, reconciled monthly. Source documents filed for audit immediately, monthly Cost Report outputted.
- Insurance: both General Liability and Workers' Compensation insurances actual figures have not been declared since 2017 and both insurance companies – Finsura and Icare, have requested this information going back two financial years.

#### Creative Community

Connectivity with the Creative Community continued intensely throughout February to mid-March. Then Covid-19 really hit the entire regional area from the weekend of Sat 14th 2020. After this weekend, there were mass cancellations of events across the region, large and small following the National Jurisdictional Response announcements. This has continued and as society has now transferred all group activities online, WRA has also adapted all of its activities online. The office is contactable and promotion of the Creative Community continues in the region. WRA is working with funding partners to prepare grant submissions within the new paradigm and to continue to develop existing projects in a different way.

- The Riverina Lectures the first lecture was launched on Thursday 12th March featuring
  Vic McEwan from The Cad Factory, "Live from the Tate Liverpool" in the UK. This was
  held at the Narrandera Shire Library and was a real success. Just two days later on
  Saturday 14th, Covid-19 shut down all future events. This was one of the last public
  events to be held before the shut-down. This series is now to be developed purely
  online with online lectures.
- Griffith Bushfire Benefit Concert a picnic concert was held at Memorial Park in Griffith on Friday 13th staged entirely with volunteer labour and local Council and Business support. WRA was a major partner in making this event possible and the ED who volunteered labour, also organised all the fencing, portaloos, generators and lighting to be installed. There was a large volunteer team who worked tirelessly to make it run smoothly and the evening was a magic event with all local artists performing. Like the Riverina Lecture the day before, this was the second last public event of the region before Covid-19 shut down all events from that weekend onwards. In a sense it was a warm and memorable family event that created a large social outcome at all levels. This concert was written up on the front page of the local paper the next week.

# REPORT – Regional Arts Executive Director Dated 17th April 2020

- The Round Room this was an installation by Kerri Weymouth that WRA filmed on location. The artist narrated and showed the meaning of the installation. Camille Whitehead filmed and edited this, and this is going to be featured as a WRA film on its youtube channel. Once again, whilst this was done for completely different reasons, it was filmed with an appreciator audience on the day who followed the artist around. When Covid-19 came into force, this was not possible to get this footage, so it now is an historical record of this artist's work with an audience attending. WRA is very proud of what Camille has done with this piece that was a collaboration between the filmmaker and Kerri Weymouth, supported by the Griffith Regional Art Gallery.
- Micro-Grant Funding Pool currently putting a proposal to Regional Arts NSW for WRA to administer a micro-grant funding pool for local artists, based on the success of micro-funding around the globe.

#### Projects in Development

- The Riverina Lectures this roving lecture series is now being re-purposed under Covid-19. Strangely it was a project that in its original form was perfectly suited to an online society. Speakers coming up are: Anthea da Silva, Clarry Higgins, Craig Cromelin and Tony Briggs.
- Yarruwala Wiradjuri Cultural Festival working with the Griffith Regional Theatre, WRA
  is a major partner responsible for seeking funding, amongst a major working team
  made up of twelve community organisations across the region. Under Covid-19, the
  festival program has been adapted to be split in two years 2020 to be an online
  festival, 2021 to launch the grand opening ceremony, theatre production and live
  finale concert. Events are being planned across the four shires celebrating Wiradjuri
  culture.
- LCAIN Shop Window Exhibition in Narrandera, partnering with Councillor Tracey
  Lewis to realise a community exhibition of local art in shop windows. Discussions are
  taking this project to an online format.
- Art Deco Festival partnering with Leeton Shire Council for funding for the Illuminart projection art to be displayed on the WCIC building.
- Roxy Theatre Proposals on theatre and supporting its promotion and shows
- Leeton and District Aboriginal Land Council met several times with ED to pursue community projects in Leeton.
- Roslyn Lockhart Jerilderie promoting Olympic heritage dot painting in Council Chambers, proposal for Sculpture, workshops and cultural tours. Thu 13th Feb

Council Meeting: 28 April 2020
Report Date: 12 April 2020
Author: Finance Manager

File #: SC214

Approval: General Manager

#### **EXECUTIVE SUMMARY**

Information regarding the position of loan borrowings is provided for Council's information.

#### RECOMMENDATION

That the information contained in the Loan Borrowings Report be noted.

#### **BACKGROUND**

Loan No	Original Amount	Purpose	Outstanding At 31/03/20	Interest Rate	Repayment Per Annum	Maturity Date
162	\$295,000	Streetscape/ Cenotaph	\$ 50,718.81	7.922%	\$43,015.96	27.5.2021
Internal Loan	\$250,000	Real Estate Development	\$100,001.00	Variable	\$25,000.00 plus interest	1.4.2024

The above shows outstanding loan balances at 31 March 2020 of \$150,719.81, including internal loan from the Sewer Fund of \$100,001.00.

Interest repayments on the internal loan are calculated on the average interest earnings of Council's external investments each month.

# **OFFICER COMMENT**

Loan number 162 is a loan sourced by the previous Jerilderie Shire Council, being a fixed term, 10 year loan, for the purpose of partially funding the capital improvements to the streetscape of Jerilderie Street, from Bolton Street to Memorial Park.

The internal loan was sourced from Sewer Funds for the purpose of partially funding the development of Wunnamurra Estate Stage 2. This loan was approved by the Minister for Local Government in pursuance of Section 410(3) and 410(4) of the Local Government Act 1993.

# ITEM NO. 13 - STRONGER COMMUNITIES FUND - MARCH 2020

Council Meeting: 28 April 2020 Report Date: 12 April 2020 Author: Finance Manager

File #: SC137

Approval: General Manager

#### **EXECUTIVE SUMMARY**

Council's priority projects for the Stronger Communities Fund, Rounds 1 and 2, have previously been set.

Under the terms of the funding deed, Council provided for grants in the amount of \$1,414,822 to local community organisations.

Council has also determined a further \$13,763,934 for the major projects component of the Stronger Communities Fund.

Interest on the unexpended component of the grant is to be included for Stronger Communities Fund expenditure.

#### RECOMMENDATION

That the information contained in the Stronger Communities Fund, March 2020 Report be noted.

#### **BACKGROUND**

As at 31 March 2020, of the 55 community grants projects provided for, 53 are now complete, with some minor works still to be undertaken on one project. The Jerilderie Pre - School project has been deferred, with funding to be included with construction and fit out of the anticipated Long Day Care & Pre School funded from both this fund and Stronger Country Communities Grants.

Of the 37 major projects determined, 15 projects have been completed with one project to have additional works undertaken. Further, the Coleambally Junior Change Room project has been completed with partial funding obtained from the Stronger Country Communities Fund.

Construction has been commenced on the following projects:

- Yamma Hall toilets and kitchen upgrade
- Jerilderie Swimming Pool
- Waddi demolition and cultural gardens

Ordinary, Meeting of Murrumbidgee Council held Tuesday 28 Apri	il 2020.	
// // //	^	

General Manager K. K. M. Mayor

- Waddi cultural centre building
- Darlington Point Lions Park Display and Amenities

The Darlington Point Shire Hall project is awaiting finalisation of work schedules for upgrade works to be undertaken.

The Darlington Point Caravan Park project has commenced with the purchase of assets from the former lessee. A management plan now needs to be undertaken.

A request for tender has been advertised for the Coleambally Sports Precinct upgrading works, with the tender expected to be determined at Council's June meeting.

Council has entered into an agreement with Public Works Advisory to commence the Integrated Water Cycle Management Plan. This Plan has been partially funded from the Safe & Secure Water Grant, with the remaining funds to be provided from the Stronger Communities Fund.

The completion of this Plan will then allow for further planning and upgrade works to be fully determined for Council's water supply operations.

The Coleambally streetscape project is awaiting finalisation of masterplans, with the Coleambally Hall upgrade still at design stage.

Bencubbin Avenue rehabilitation is due to be commenced in the near future, as is the Darlington Point Boat Ramp.

The Coleambally water treatment upgrade is still to be assessed.

# **OFFICER COMMENT**

Council have provided for projects totalling \$15,178,756 to date from this program. An amount of \$14,365,000 has been provided in grant funding, with a further amount of \$786,570 in interest being received. Whilst there is currently an amount of \$27,186 shortfall in the program, this is expected to be met from further interest on the unexpended grant and some possible project savings.

#### **SUSTAINABILITY**

#### **OFFICER COMMENT**

The PMO staffing figure should now be finalised, with the Human Resource Officer position now being funded by Council as of 1 July 2019.

Information Technology will continue to be implemented over the next 12 - 18 months. Further modules to be included within the Civica Authority V7 System include assets and customer service. Commencement of works for these modules have been delayed, due to the complexity of the pre-implementation requirements and the lack of staff resources to undertake this work at the current time.

The majority of staff have been transferred to the new salary structure, with a small number of staff adjustments still to be finalised.

#### ITEM NO. 15 – 2019/20 DELIVERY PROGRAM REVIEW

Council Meeting: 28 April 2020 Report Date: 20 April 2020

Author: Manager Corporate & Community Services

File #: CS241

Approval: General Manager

#### **EXECUTIVE SUMMARY**

A Council must have a Delivery Program, detailing the principal activities it will undertake to achieve the objectives established in the Community Strategic Plan, within the resources available under the Resourcing Strategy.

The General Manager must ensure that progress reports are provided to the Council, with respect to the principal activities detailed in the Delivery Program, at least every 6 months. This progress report is up to 31 December, 2019.

#### RECOMMENDATION

That the information contained in the Delivery Program Review Report to 31 December, 2019, be noted.

# **BACKGROUND**

Following is a summary of the requirements of section 404 of the Local Government Act:

- A Council must have a Delivery Program, detailing the principal activities it will undertake to achieve the objectives established in the Community Strategic Plan, within the resources available under the Resourcing Strategy.
- The Delivery Program must include a method of assessment to determine the
  effectiveness of each principal activity detailed in the Delivery Program in
  achieving the objectives at which the activity is directed.
- A Council must prepare a new Delivery Program after each ordinary election of Councillors to cover the principal activities of the Council for the 4 year period commencing on 1 July following the election.
- The General Manager must ensure that progress reports are provided to the Council, with respect to the principal activities detailed in the Delivery Program, at least every 6 months.

### **Drought Support Officer Report**

Since my last report there have been big changes to our day to day life and work. Moving into self- isolation my role has been challenging, trying to think outside the box to organise events. The enhanced isolation and decreased socialisation means many people need Mental Health information/assistance. I am open to guidance where you would like to see my role moving forward as I don't see the Coronavirus restrictions being lifted any time soon for group gatherings. I have been tidying up all my administration in preparation for the finalisation of the grant on 30 June 2020.

- I have been collating a folder with all the events, associated expenses, original
  invoices, proof of advertising and attendance numbers so when it is time to
  finalise the grant all information required from my events are available. I
  received an email this week regarding the independent audit of the grant and
  spreadsheets that are required to be completed by the auditors.
- I have been trying to keep people informed with what is available to them during this time re: energy rebates etc. Any financial assistance should be explored as everyone is being affected in some way.
- An Expression of Interest card has been made to email, placed on all Council
  media outlets for the "Budgeting Masterclass" Online sessions. I have been
  speaking to Carmen Quade of Agrifocused who will deliver these workshops,
  we have discussed a date late in May 2020. Carmen uses various platforms
  through her work at Charles Sturt University in Wagga Wagga to present
  sessions, so we are confident we can be successful delivering to interested
  parties. I feel to make it beneficial and worthwhile we will set a minimum of 10
  attending.

- I will also be speaking to AGDATA Aust. regarding Phoenix accounting package training - particularly focusing on Single Touch Payroll (the need for this training was brought to my attention by the Rural Financial Counsellor). They were going to be in our area during May, however Agdata is travel restricted (they are located in Queensland) but I will try to organise a Zoom conference if they offer such an experience. I will be looking at it in the coming weeks.
- I have been assisting various organisations with their grant writing at the moment there are so many options available that it really is important the correct grant is chosen for what the organisation actually needs or the event they are trying to develop. I help them formulate their written responses and make sure the required guidelines are met. I do not fill the forms out for them so they learn the process.
- I had been in talks with Active Farmers regarding a guest speaker to present at their final morning. Due to Coronavirus this event has been postponed.
- Art in the Park at Darlington Point is still in the works but again seeing what comes of Coronavirus restrictions. Delayed until allowed to meet in a crowd outside.
- Alan from Solutions4All Building Better Regions has been working with us to develop a program to visit schools and our community. Alan visited prior to shutdown at our Coleambally office and we discussed options re: holding Career open days/Expo in each community for the schools. Again on hold until further notice.

I am trying to look at ways to keep these events going, to keep Mental Health assistance available, also socialisation and learning.
